

## **Request for Bid: Building 11- Elevator Repair #16/17 –MB08**

### **ADDENDUM #1**

**3/31/17**

**Please see comments/clarifications below.**

**1. What is the engineers estimate for this work?**

**A. *One does not exist***

**2. Rock Hole Clause:**

Our quotation is predicated on our drilling of the jack hole under normal soil and drilling conditions.

Should we encounter water, rock, granite, sand, hard pack shell or clay; we will discontinue the drilling process and notify you of the conditions we have encountered. A separate proposal will be generated for your review and approval that addresses that additional time and materials needed to alleviate the non-standard conditions. In the event of water, a steel well casing will be needed to maintain the integrity of the well hole as the water is removed and the well casing installed.

Should a generator be needed to power the drill rig an additional charge of \$500/day for the generator rental

Should water be encountered, steel casing at a cost of \$98/Ln Ft and the additional drilling time and elevator technician labor will be presented in a separate proposal.

Only performing the work indicated on Page 7 of the Bid #16/17-MB08 - 11 Elevator Repair

We will NOT be performing the work indicated in Section 14A – Pages 25-33

Please confirm that these clarifications are acceptable.

***A: Please include what you feel is appropriate for your submittal. There is no question presented thus there is no direct answer. This is not a forum to negotiate terms or conditions.***

**Acknowledge receipt of this addendum by signing and submitting along with your Bid submittal which is due prior to 2:00pm on April 7, 2017 to Mayra Ramirez, Buyer (Measure B Bond), 1800 Ignacio Blvd. Novato, CA 94949.**
