MARIN COMMUNITY COLLEGE DISTRICT TENTATIVE BUDGET 2022-2023

General Fund Highlights

Overview

Basic Aid Status

The District is a “Basic Aid” district, or, as it is now being called, a “community-supported” district. The District’s core funding is determined by law to be the larger of the State funding formula known as apportionment, which is based on full-time equivalent student (FTES) enrollment, or a fixed percentage of the County of Marin’s property tax revenue. In fiscal year 2021-22, the District received approximately \$39.1 million more as a Basic Aid district – the “Basic Aid increment” – than it would have received from apportionment. In 2022-23, the Basic Aid increment will be approximately \$42.4 million.

The State Budget Process

At this time, we cannot predict what impact the State’s fiscal situation will have on the District. Lacking better information, the District has budgeted \$78 thousand for mandated costs reimbursements and \$258 thousand for Prop 30 in the 2022-23 budget.

Discussion of the Proposed Budget for Fiscal Year 2022-23

The Tentative Budget for 2022-23 has the following key elements:

- Planned expenditures exceed budgeted revenues resulting in \$3.8 million net decrease to the ending Fund Balance.
- The estimated Ending Fund Balance for 2022-23 is 11.0% of total Unrestricted General Fund expenses compared to 16.8% for 2021-22.
- A positive CPI inflation factor adjustment of 1.02% for secured property taxes is expected to result in an increase of \$3.6 million for 2022-23 secured property taxes.
- Increase in health benefits is approximately \$1.2 million for 2022-23.

MARIN COMMUNITY COLLEGE DISTRICT TENTATIVE BUDGET 2022-2023

Analysis and Comparison of Revenue and Expense

Projected total General Fund Revenue for 2022-23 is \$97.6 million compared to \$86.9 million for 2021-22. This is an increase of \$10.7 million or 12.3%, principally due to an increase in secured property taxes and deferred revenues of categorical programs from prior years. Projected total General Fund Expenditures for 2022-23 are \$101.4 million compared to \$89.8 million for 2021-22. This is an increase of \$11.6 million or 12.9%, due to an increase in salaries and benefits and higher other outgo, as well as an increase in the carry forwards of categorical programs from prior years. The 2022-23 budgeted unrestricted revenues of \$75.8 million increased \$3.4 million or 4.7% over the 2021-22 unrestricted revenues of \$72.4 million; 2022-23 budgeted unrestricted expenditures of \$79.1 million is an increase of \$4.2 million or 5.6% more than the 2021-22 unrestricted expenditures of \$74.9 million.

Discussion of Year-end Results for Fiscal Year 2021-22

Unrestricted revenues are about \$1.1 million higher than budgeted, principally from higher than budgeted supplemental property taxes, State apportionment payments and State “on-behalf” revenues.

Unrestricted expenditures are approximately \$3.1 million lower than budgeted, primarily due to lower salaries, benefits, contract services, materials and supplies, and legal costs.

Short-Term Borrowing

The District relies on property taxes for its core funding. Property taxes are collected by the County and distributed to local agencies in December and April. The period from July through December is very difficult from a cash flow perspective and extensive borrowing occurs during that period. The District may use the County of Marin as authorized by Article XVI, Section 6, of the Constitution of California. Or, the District may use the Community College League Cash Flow Borrowing Program for arranging this financing. Both methods provide a mechanism for borrowing the needed funds, at an advantageous placement cost, due to high program participation. For 2022-23 the County of Marin will provide short-term funding not to exceed \$30 million.

Special Fund Highlights

Student Financial Aid Trust Fund

The Student Financial Aid Trust Fund was created to account for the deposit and direct payment of government funded student financial aid. The Student Financial Aid Trust Fund as of June 30, 2022 is projected to have a \$0 fund balance.

MARIN COMMUNITY COLLEGE DISTRICT TENTATIVE BUDGET 2022-2023

The Child Development Fund's Federal, State and local revenue sources are intended to support child care activities. The General Fund's transfer supports the cost of the instructional lab support the Child Study Centers provide to the College's academic programs and Early Childhood Education program administration. Projected results of 2021-22 operations are \$208 thousand more in expenditures than externally funded revenue. Approximately 70% supports the costs of instructional lab and administrative services the Centers provide to the College and continues to result in a \$0 fund balance. The 2022-2023 Tentative Budget includes a revenue increase in Parent Fees as a result of anticipated changes in the pandemic and social distancing requirements.

IVC Organic Farm Fund

The IVC Organic Farm Fund was established in May 2017 to account for the 5.8 acre organic farm and garden located on the IVC campus. The Organic Farm will be supported by the District, and proceeds from a College of Marin Foundation endowment.

Solar Operations Fund

The Solar Operations Fund was established in 2019-20 for the purpose of incurring the expenditures related to the operations and maintenance contract for the solar photovoltaic energy facilities.

Workforce Housing Operations Fund

The Workforce Housing Operations Fund was established in 2018-19 for the purpose of receiving revenue proceeds from workforce housing. The funds will be used to pay for costs of maintenance and operations of the housing, as well as for principal and interest payments for the Certificates of Participation.

**OTHER POST-EMPLOYMENT BENEFITS (OPEB) TRUST FUND - CERBT
REVENUE AND EXPENDITURE REPORT**

In 2004, the Government Accounting Standards Board issued Statement No. 45, Accounting and Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions, which requires public agencies, including school districts to report their costs and obligations for post-employment healthcare and other post-employment benefits (called “OPEBs”) much like they now report pension plan obligations. The philosophy behind the rule is that the costs of these post-employment benefits should be recognized as a current cost during the working years of an employee (like a CalPERS or STRS pension) rather than after they retire. GASB 45 requires that Districts with annual revenue between \$10 million and \$100 million must comply in the fiscal year after December 15, 2007, thus for College of Marin mandated compliance began with Fiscal Year 2008-09.

The District’s Board of Trustees elected early application of the GASB pronouncement and in the fall of 2004 commissioned Total Compensation System, Inc. to perform the OPEB actuarial study which was completed in the spring of 2005. The Board further directed funding the obligation in advance rather than on the prior “pay as you go” basis, and in Fiscal Year 2005-06 \$1,000,000 of pre-funding the obligation was set aside and transferred out of the General Fund into the Retiree Unfunded Medical Benefits Liability Fund. In 2007-08, an additional \$500,000 was transferred from the General Fund into the Retiree Unfunded Medical Benefits Liability Fund. And, in 2009-10, an additional \$500,000 was transferred from the General Fund into the Retiree Unfunded Medical Benefits Liability Fund. In June 2013, the funds were transferred into an irrevocable trust fund. In November 2014, the District’s Board of Trustees approved a \$250,000 contribution to the irrevocable trust fund, and in FY 2015-16, the Board of Trustees approved an \$850,000 contribution to the irrevocable trust fund.

The FY 2022-23 Tentative Budget includes “pay-as-you-go” reimbursements from the trust fund for its retiree medical and dental premium payments.

In 2021-22, an actuarial study was completed under the Governmental Accounting Standards Board Statement No. 74/75. The most recent report dated March 8, 2022 indicates that as of June 30, 2021 valuation date, the District’s Total OPEB Liability (TOL) was \$975,229 and the OPEB trust’s Fiduciary Net Position (FNP) was \$3,035,250 million. This leaves a Net OPEB Liability of (TOL-FNP) (\$2,060,021).

A district employee who is required to meet minimum academic standards as a condition of employment. Note that this could be an academic administrator – see Educational Administrator, below.

Account Code

A sequence of numbers and/or letters assigned to general ledger accounts to classify transactions by fund, object, activity, etc.

Accounts Payable

Amounts due and owing **to** persons, business firms, governmental units or others for goods and services not yet paid.

Accounts Receivable

Amounts due and owing **from** persons, business firms, governmental units or others for goods and services provided, but not yet collected.

Accrual Basis

The method of accounting that calls for recognizing revenue/gains and expenses/losses in the accounting period in which the transactions occur regardless of the timing of the related cash flows. (Contrast with cash basis.)

Activity

A set of institutional functions or operations related to an academic discipline or a grouping of services.

Actuarial Basis

A basis used in computing the amount of contributions to be made periodically to a fund or account so that the total contributions plus the compounded earnings will equal the required payments to be made out of the fund.

MARIN COMMUNITY COLLEGE DISTRICT TENTATIVE BUDGET 2022-2023

Administrator

For the purpose of Education Code Section 84362, “Administrator” means any employee in a position having significant responsibilities for formulating district policies or administering district programs. Note that there are academic and classified administrators/managers.

Adoption Budget

The district budget that is approved by the board in August, after the state allocation is determined.

Allocation

Division or distribution of resources according to a predetermined plan.

Annual Appropriation Limit (Gann Limit)

In California, all governmental jurisdictions, including community college districts, must compute an annual appropriation limit based on the amount in prior years adjusted for changes in population, cost-of-living, and other factors, if applicable (Article XIII-B of the State Constitution). Calculated on CCSF 311 report.

Appropriation

An allocation of budgetary funds made by a governing board for specific purposes and limited as to the time period in which it may be expended.

Apportionment

Federal, state or local monies distributed to college districts or other governmental units according to legislative and regulatory formulas.

MARIN COMMUNITY COLLEGE DISTRICT TENTATIVE BUDGET 2022-2023

Apportionment – Advance

In July (or whenever a budget is enacted), CDE and the Chancellor’s Office determine monthly allocations to districts from July through January based on the “advance.” The advance is based on prior–year funding levels adjusted by the estimated statewide change in K–12 average daily attendance (ADA)/CCC enrollment growth, any applicable COLA, local property tax estimates, and CCC fee revenue estimates.

Apportionment – First Principal (P-1)

In February, CDE and the Chancellor’s Office use actual ADA and enrollment information from the fall, as well as revised property tax estimates, to recalculate monthly payments for each district. These revised estimates, known as the “first principal apportionment” (or P–1), are used to make payments from February through May.

Apportionment – Second Principal (P-2)

The “second principal apportionment” (or P–2) uses revised attendance/enrollment information up to April 15 and is used for the June payment for each district.

Assessed Value

The value of land, homes or businesses set by the county assessor for property tax purposes. Assessed value is either the appraised value of any newly built or purchased property or the value on March 1, 1975 of continuously owned property, plus an annual increase. This increase is tied to the California Consumer Price Index but may not exceed 2 percent per year.

Assessment Districts

A geographical area—much like a school, water or college district—created by residents to pay for special projects, such as capital improvement programs.

Asset Management

Managing assets, such as excess district property or facilities, to reduce costs or generate revenue. Common examples are golf driving ranges and leased property for private development.

MARIN COMMUNITY COLLEGE DISTRICT TENTATIVE BUDGET 2022-2023

Attendance Accounting

Apportionment is based on student attendance accounting mechanisms which can be calculated in a variety of ways, including Weekly Student Contact Hours, Daily Student Contact Hours and Actual Hours of Attendance (Positive Attendance). More details can be found in the Chancellor's Office Student Attendance Accounting Manual.

Audit

An examination of financial statements and related documents, records, and accounts for the purpose of determining the propriety of transactions, whether transactions are recorded properly and whether statements drawn from accounts reflect an accurate picture of financial operations and financial status. Audits may also include reviews of compliance with applicable laws and regulations, economy and efficiency of operations and effectiveness in achieving program results. The general focus of the annual audit conducted on the district is usually on financial statements and compliance with certain regulations.

Audit Report

The report prepared by an external or independent auditor. As a rule, the report includes: a) a statement of the scope of the audit; b) explanatory comments (if any) concerning exceptions by the auditor as to application of generally accepted auditing standards; c) opinions; d) explanatory comments (if any) concerning verification procedures; e) financial statements and schedules; and f) statistical tables, supplementary comments, and recommendations.

Auditor's Opinion

A statement signed by an external or independent auditor which states that she or he has examined the financial statements of the entity in accordance with generally accepted auditing standards (with exceptions, if any) and expresses an opinion on the financial position and results of operations of some or all of the constituent funds and balanced account groups.

Auxiliary Operations. Service activities of the college, the finances of which must be accounted for separately. Food service, bookstores, dormitories, and certain types of foundations are examples of auxiliary operations. These will appear as separate funds (rather than the general fund) in budget documents.

MARIN COMMUNITY COLLEGE DISTRICT TENTATIVE BUDGET 2022-2023

Average Daily Attendance

The unit that was used as the basis for computation of support for California Community Colleges until July 1, 1991. One requirement of State law is that the regular college day must be maintained not less than three hours per day, per five-day college week, for thirty-five weeks (175 days times three hours per day equals 525 hours = 1 ADA). The unit now used for computation of support is Full-Time Equivalent Student (FTES).

Balance Sheet

A basic financial statement that shows assets, liabilities, and equity of an entity as of a specific date, in accordance with GAAP.

Base Year

A year to which comparisons are made when projecting a specific condition.

Basic Aid Districts

There are a few districts in which the property tax revenues generated in the district are equal to or greater than the state allocation amount generated through the state apportionment formula. They receive the amount of the revenue generated from local property tax and fee revenues, and are known as “basic aid districts.” There are a handful of basic aid districts, and MCCD is one of these. Basic aid status sometimes exempts such districts from other Title 5 provisions or penalties.

Block Grant

A fixed sum of money, not linked to enrollment measures, provided to a college district by the state. Now a component of the new SB 361 budget formula.

Bonds

Investment securities (encumbrances) sold by a district through a financial firm for the purpose of raising funds for various capital expenditures. A written promise to pay a specified sum of money, called the face value, at a specified date or dates in the future, called the maturity date(s), together with periodic interest at a specified rate.

MARIN COMMUNITY COLLEGE DISTRICT TENTATIVE BUDGET 2022-2023

Categorical Funds

Also called restricted funds, these are monies that can only be spent for the designated purpose. Expenditures are recognized when the fund liability is incurred (except for inventories of materials and supplies that may be considered expenditures either when purchased or when used, and prepaid insurance and similar items that may be considered expenditures either when paid for or when consumed). All governmental funds, expendable trust funds and agency funds use the modified accrual basis of accounting.
