### **INDEPENDENT AUDITORS' REPORT**

The Board of Trustees Marin Community College District Kentfield, California

## Report on Audit of Financial Statements *Opinions*

We have audited the accompanying financial statements of the business-type activities of the Marin Community College District (District), as of and for the year ended June 30, 2023; and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the District, as of June 30, 2023; and the respective changes in financial position, and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Marin Community College District and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Adoption of New Accounting Standard

As discussed in Note 1 to the financial statements, the District has adopted the provisions of Government Accounting Standards Board (GASB) Statement No. 96, *Subscription-Based Information Technology Arrangements*, for the year ending June 30, 2023. Our opinions are not modified with respect to this matter.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Required Supplementary Information section, as listed in the Table of Contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information listed in the Table of Contents, including the Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information, is fairly stated in all material respects in relation to the basic financial statements as a whole.

### **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the Management's Discussion and Analysis section and unaudited supplementary information section, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on other work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report

### Other Reporting Required by Government Auditing Standards

WOL, Certiful Poblic Accordants

In accordance with *Government Auditing Standards*, we have also issued our report dated November 8, 2023, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

San Diego, California November 8, 2023

### **Governmental Accounting Standards Board (GASB) Statement 34/35**

Marin Community College District (the District) prepares financial reports in accordance with GASB statements No. 34/35, Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities," issued in November 1999. The following discussion and analysis provides an overview of the District's financial activities for the fiscal year ended June 30, 2023 and the intent of this discussion and analysis is to look at the District's financial performance as a whole. To provide a complete understanding of the District's financial standing, this analysis should be read in conjunction with the entire Independent Auditor's Report, particularly the District's financial statements beginning on page 15, and the notes to the basic financial statements beginning on page 21.

The California Community College Chancellor's Office, through its Fiscal and Accountability Standards Committee, has recommended the Business Type Activity (BTA) model for financial reporting and the District has adopted the BTA reporting model for these financial statements.

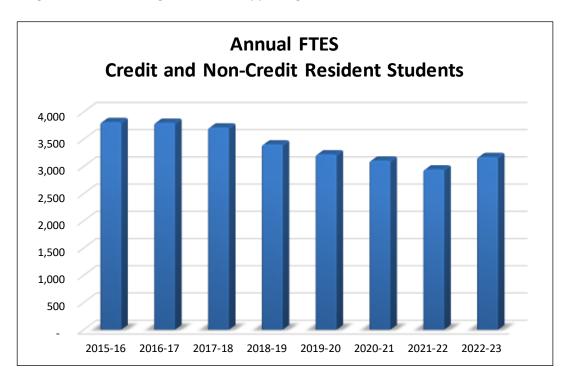

As required, the annual report consists of three basic financial statements that provide information on the District as a whole:

- Statement of Net Position
- Statement of Revenues, Expenses and Changes in Net Position
- Statement of Cash Flows

### **Financial Highlights**

- The District continues to maintain its "Basic Aid" (also known as community supported) status because the receipts from local property taxes and enrollment fees exceeded the State's funding formula known as apportionment for 2022-23 by about \$42.6 million. The State of California changed the funding formula for community college districts during 2020-21 to a more student-centered formula that rewards on equity and success in addition to enrollment. The District does not anticipate the new funding formula will impact revenue since the District will continue to be basic aid (also known as community supported) where revenues are received from local property taxes and enrollment fees rather than the state.
- FTES totaled 3,174 representing a 7.8% increase over the prior fiscal year. The decline in enrollment over the last several years was attributable to a convergence of factors including changes in student enrollment patterns and near record low county unemployment.

Creating strong future enrollment remains a strategic priority for the District. Outreach and marketing efforts are well underway in an attempt to stabilize the declining trend in enrollment. The District has been collaborating with K-12 and business partners to develop new career technical education programs in high-demand fields such as biotechnology, agri-tourism, and information and communication technology. The District's K-12 connections also include expansion of concurrent enrollment opportunities for high school students, including offering select courses at high school sites; the Summer Bridge program which is dramatically reducing the remedial needs of incoming students; and COMPASS (College of Marin Providing Access and Supporting Success).

### Financial Highlights, continued

- Fiscal year 2022-23 fund-level net position ended higher than originally budgeted. Unrestricted revenues were about \$2.2 million higher principally from higher than budgeted property taxes.
- Academic and classified salaries remained relatively flat during 2022-23 with slight increases due to factors such as COLA and annual increases in step/column. Benefits increased by 37.1% due to the overall increase in the net pension liability during 2022-23.
- The Board directed funding the retiree healthcare obligation (other post-employment benefits or "OPEB") in advance rather than on the prior "pay as you go" basis. Between Fiscal Years 2005-06 and 2009-10, the District pre-funded the obligation transferring \$2,000,000 out of the General Fund into the Retiree Unfunded Medical Benefits Liability Fund. In June 2013, the District established an irrevocable OPEB trust fund with CalPERS, formally named the California Employers' Retiree Benefit Trust (CERBT) fund and transferred the balance from the previous Retiree Unfunded Medical Benefits Liability Fund to the irrevocable OPEB Trust. The balance of the trust at June 30, 2023 was \$2,558,840.

The District's most recent actuarial report is dated February 6, 2023 with a valuation date of June 30, 2021 and measurement date of June 30, 2022. At June 30, 2023, the District's Total OPEB Liability was \$0.8 million and the Fiduciary Net Position of the trust was \$2.5 million, leaving a Net OPEB Liability (Asset) of (\$1.7) million.

• The District provided Financial Aid to more than 2,259 qualifying students in FY 2022-23 translating to about \$8.4 million in paid aid. This aid is provided through grants, loans, institutional and outside scholarships, work study from the Federal government, the State, and local funding.

### **Capital Asset and Debt Administration**

- On June 7, 2016, the voters of Marin County overwhelmingly passed Measure B, a \$265 million bond. To provide modern, well-maintained educational facilities for our students, Measure B will:
  - Repair and upgrade classrooms, science labs, vocational education facilities and job training centers for 21st-centruy careers in technology, computer and engineering
  - Repair or replace leaking roofs
  - o Modernize and update science classrooms and labs
  - o Update classrooms and educational facilities to meet current earthquake, fire and safety codes
  - o Update campus facilities to provide access for disabled students.
- The College retained the services of Gilbane Management & Consulting, Inc. as its Measure B program and construction management provider, and Ann Kennedy Group to provide financial reporting and bond compliance services.
- In December 2016, \$60 million in tax exempt bonds were sold, netted against \$280 thousand in issuance and underwriting costs, and \$37.5 million in federally-taxable bonds were sold, netted against \$287.5 thousand in issuance and underwriting costs. Issuances were sold pursuant to the terms of a public sale. All proceeds were delivered to the Marin County Treasury for credit of College of Marin into its Measure B, Series A Building Fund and Series A-1 Fund, respectively.
- In January 2019, \$70 million in tax exempt bonds were issued, netted against \$172 thousand in issuance and underwriting costs, and \$97.5 million in federally-taxable bonds were issued, netted against \$230 thousand in issuance and underwriting costs. Issuances were sold pursuant to the terms of a public sale. All proceeds were delivered to the Marin County Treasury for credit of College of Marin into its Measure B, Series B Building Fund and Series B-1 Fund, respectively.
- The District's 2020-21 Measure B Capital Improvement and Modernization Program included the beginning, continuation and/or completion of projects as follows:
  - ADA Barrier Removal Site Improvements
  - Pomo Cluster (Phase I & II)
  - o Fine Arts Building: Audio Visual Upgrades
  - New Miwok Center
  - Jonas Center & Building 18
  - Maintenance & Operations Building and District Warehouse

### **Capital Asset and Debt Administration, continued**

- The District's 2020-21 Measure B Capital Improvement and Modernization Program includes projects that have been initiated during this period and newly added projects:
  - O Admin Cluster: Building 12 Interior Abatement and Renovation
  - 941 Sir Francis Drake: New Home of Reprographics
  - Swing Space: Temporary Offices and Classrooms
  - Swing Space: Modernization of Existing Maintenance & Operations Building for Campus Bookstore
  - Learning Resource Center Project
  - o Fusselman Hall: Structural & Waterproofing Improvements
  - Welcome Center, 830 College Avenue
  - IVC Creek Mitigation Project
  - o Bolinas Field Station
- In March 2018 the District issued \$7.37 million of lease revenue bonds to finance solar energy facilities on the Kentfield and Indian Valley campuses.
- In February 2019 the District issued \$3.98 million of Certificates of Participation to finance acquisition and construction of District facilities and workforce housing units.

#### **Statement of Net Position**

The Statement of Net Position includes all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector institutions. Net position – the difference between assets and liabilities – is one way to measure the financial health of the District.

	2023	2022	Change
ASSETS AND DEFERRED OUTFLOWS OF RESOURCES			
Current assets	\$ 60,011,930	\$ 46,507,825	\$ 13,504,105
Noncurrent assets	528,603,410	531,395,193	(2,791,783)
Deferred outflow of resources	47,546,162	44,126,702	3,419,460
<b>Total Assets and Deferred Outflows of Resources</b>	636,161,502	622,029,720	14,131,782
LIABILITIES AND DEFERRED INFLOWS OF RESOURCES			
Current liabilities	47,006,487	40,206,837	6,799,650
Noncurrent liabilities	518,899,416	511,044,541	7,854,875
Deferred inflows of resources	6,269,853	25,944,399	(19,674,546)
<b>Total Liabilities and Deferred Inflows of Resources</b>	572,175,756	577,195,777	(5,020,021)
NET POSITION			
Invested in capital assets, net of related debt	41,777,126	35,852,465	5,924,661
Restricted	40,515,025	36,296,524	4,218,501
Unrestricted	 (18,306,405)	(27,315,046)	9,008,641
Total Net Position	\$ 63,985,746	\$ 44,833,943	\$ 19,151,803

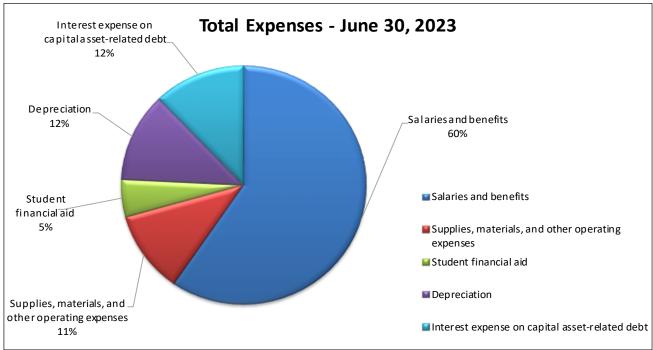

- The \$13.5 million net increase in "Current Assets" is due primarily to an increase in cash from state and federal sources.
- The \$2.8 million net decrease in "Noncurrent Assets" is due to a decrease in restricted cash of \$5.5 million, an increase in intangible right-of-use assets of \$1.2 million due to the implementation of GASB Statement No. 96 and an increase in capital assets of \$1.9 million that relates primarily to the construction of capital projects from the Measure B bonds.
- The \$6.8 million increase in "Current Liabilities" is due to an increase in Accounts Payable and Accrued Liabilities of \$2.2 million and increases of \$4.6 million in deferred revenues.
- The \$7.8 million increase in "Noncurrent Liabilities" is primarily attributable to payments made on the District's General Obligation Bonds of approximately \$16.4 million offset by in increase in the net pension liability of \$23.1 million.
- Net Position includes the value of all capital assets (net of accumulated depreciation).

## Statement of Revenues, Expenses and Change in Net Position

The Statement of Revenues, Expenses and Change in Net Position presents the operating results of the District, as well as the non-operating revenues and expenses.

	2023	2022	Change
OPERATING REVENUES			
Tuition and fees	\$ 4,205,743	\$ 3,780,286	\$ 425,457
Grants and contracts, non-capital	12,742,512	13,754,415	(1,011,903)
Total Operating Revenues	16,948,255	17,534,701	(586,446)

State apportionments, non-capital	1,916,358	1,522,381	393,977
Local property taxes	70,975,618	66,181,279	4,794,339
State taxes and other revenues	2,398,112	1,985,336	412,776
Pell Grants	3,267,390	2,644,371	623,019
Investment income, non-capital	1,090,594	(1,266,875)	2,357,469
Investment income, capital	1,768,842	102,115	1,666,727
Interest expense on capital asset-related debt	(13,464,589)	(12,505,054)	(959,535)
Other non-operating income	 2,464,190	2,777,981	(313,791)
Total Non-Operating Revenues (Expenses)	 70,416,515	61,441,534	8,974,981
OTHER REVENUES (EXPENSES)			
Gain (loss) on disposal of fixed assets	-	(8,301)	8,301
Local property taxes, capital	27,048,402	26,801,154	247,248
Change in Net Position	19,151,803	16,464,049	2,687,754
NET POSITION, BEGINNING OF YEAR	 44,833,943	28,369,894	16,464,049
NET POSITION, END OF YEAR	\$ 63,985,746	\$ 44,833,943	\$ 19,151,803

### Statement of Revenues, Expenses, and Change in Net Position

- As reported in the Statement of Revenues, Expenses and Changes in Net Position on page 16 of this report, the cost of all the District's operational activities this year was \$95.2 million, an increase of approximately 6.7% compared to that of the prior year, primarily due to increases in salaries and benefits.
- Expenses for 2022-23 included depreciation of the District's plant and equipment of approximately \$12.6 million.
- About 67.8% of all operating expenses were directed to salary and benefit costs, compared to 65.3% last year. The "On-Behalf" expenditures were approximately \$2.0 million during 2022-23.
- Non-operating revenue (expenses) increased about \$9.0 million primarily due to a \$4.8 million increase local property taxes, a \$0.4 million increase in state taxes and other revenues, and a \$4.0 million increase in investment income.
- The ad valorem taxes collected in the bond redemption funds was \$0.2 million more than 2021-22.
   The ad valorem taxes fluctuate because they are collected based on the need to repay the bond principal and interest.

#### Statement of Cash Flows

The Statement of Cash Flows provides information about cash receipts and cash payments during the fiscal year. This statement also helps users assess the District's ability to generate net cash flows, its ability to meet its obligations as they come due, and its need for external financing.

Cash Provided by (Used by)	2023	2022		Change	
Operating activities	\$ (60,589,673)	\$	(70,085,880)	\$	9,496,207
Non-capital financing activities	80,778,136		75,060,387		5,717,749
Capital financing activities	(13,883,936)		(51,512,898)		37,628,962
Investing activities	1,090,594		602,474		488,120
Net Increase (Decrease) in Cash	\$ 7,395,121	\$	(45,935,917)	\$	53,331,038

• Operating activities includes tuition and fees, grants, and operating payments. The decrease in cash used by operating activities is primarily due to the decrease in vendor payments.

### Statement of Cash Flows, continued

A consistent significant cash in-flow is in non-capital financing activities which includes property taxes, enrollment fees, State apportionments, and local revenues; property taxes being the largest contributor.

- Capital and related financing activities correlate to bond issuances and redemptions. The District's construction projects and capital debt are reported in capital and related financing activities.
- Cash flow is adequate for a small district; the District participates in Marin County Treasurer's Office investment pool to maximize interest earnings on excess cash.

## **Economic Factors and Budgetary Highlights**

- The District expects to see a 4% increase in property taxes in 2023-24. The budgeted revenue increase is offset by escalating salaries, pension costs, and a \$6.8M transfer to the Capital Outlay Fund resulting in \$7.8M million decrease to the ending fund balance.
- Because the District continues to be basic-aid status (also known as community supported) where revenues are received from property taxes and enrollment fees, the state budget and changes in apportionment funding formulas have a relatively minimal impact on District funding. The District receives funding for categorical programs from the state but does not rely on state funding for general operations. In 2022-23, the District received almost \$41.2 million more in revenue from property taxes than it would have under the State Student Centered Funding Formula (SCFF), and it is anticipated to receive \$73.8M in property taxes or about \$45.8 million more in 2023-24. A decline in Marin County property values would cause a reduction in District revenues but is not anticipated in 2023-24. To be cautious, revenue assumptions for budget projections in outer years are conservative.
- Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Academic employees are members of CalSTRS and classified employees are members of CalPERS. In 2023-24, CalSTRS normal cost rates are expected to remain at 19.10% and decline slightly to 18.30% in the outer years. CalPERS normal cost rates are expected to increase to 26.68% in 2023-24 and continue to climb to over 28% in the outer years. The impact of a growing net pension liability will continue to strain District resources and make the budgeting process more difficult in the years to come.
- In 2017-18, the District established a Pension Rate Stabilization Fund to prefund pension obligations. Contributions to the trust fund are determined by the Board of Trustees. As of June 30, 2023, contributions of \$9.25 million were made to the trust fund. Future contributions will be determined by the availability of resources and will likely fluctuate. Contributed funds may be withdrawn from the trust fund as needed to assist with paying STRS and PERS pension liabilities.

### **Economic Factors and Budgetary Highlights, continued**

- The District provides Other Post-Employment Benefits (OPEB) or retirement health care benefits to employees hired prior to 1988 and who retire from the District and meet the specific eligibility requirements. In previous years, the District has contributed funds into an irrevocable trust to fund these other post-employment benefits. As of the last actuarial measurement date of 6/30/22, the net OPEB liability (asset) was \$1.7 million. The irrevocable trust is fully funded with a balance of \$3.03M which will provide disbursements to the District for the "pay as you go" cost of medical benefits for retirees. In addition, the excess balance of over \$2M is providing another financing source to the District.
- In 2014 the District joined SISC (Self-Insured Schools of California) in an effort to control its health care costs. The District's medical premium has increased an average of just over 3.0% annually since joining SISC. However, with growing healthcare costs, largely exacerbated by the pandemic, the District has budgeted for an increase of over \$1.2M or a 17.7% increase for 2023-24. In addition, the District has changed from a flat rate contribution to a "tiered contribution" for CSEA, SEIU, and unrepresented members. A tiered contribution is one where the employer contribution to each employee depends on how many people are covered on the plan the employee chooses. The District contribution differs for coverage for: 1) employee only; 2) employee plus one dependent; 3) employee plus two or more dependents. The District's contribution to the medical premiums will be capped at \$1,500, \$2,200, or \$2,700, respectively. Currently, UPM members will remain with a flat rate contribution towards the monthly premiums with a District cap of \$2,100 per month for full-time faculty, and \$2,050 per month for all others who qualify for full coverage.
- General Fund reserves are budgeted at 16.7% of General Fund unrestricted expenditures in the 2023-24 year. The District anticipates maintaining a reserve of 9.5% or higher in compliance with the Board's administrative procedure on reserve fund management.

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Reporting Entity: Marin Community College District (the "District") is a political subdivision of the State of California and provides educational services to the local residents of the surrounding area. While the District is a political subdivision of the State, it is not a component unit of the State in accordance with the provisions of Governmental Accounting Standards Board (GASB) Codification Section (Cod. Sec.) 2100.101. The District is classified as a state instrumentality under Internal Revenue Code Section 115 and is therefore exempt from federal taxes.

<u>Basis of Presentation and Accounting</u>: For financial reporting purposes, the District is considered a special-purpose government engaged only in business-type activities as defined by GASB. Under this model, the District's financial statements provide a comprehensive entity-wide perspective look at the District's financial position and activities. Accordingly, the District's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when the obligation has been incurred. All significant intra-agency transactions have been eliminated.

Fiduciary funds for which the District acts only as an agent or trustee are not included in the business- type activities of the District. These funds are reported in the Statement of Fiduciary Net Position and the Statement of Change in Fiduciary Net Position at the fund financial statement level.

The District records revenues when earned and expenses when a liability is incurred regardless of the timing of the related cash flow. The budgetary and financial accounts of the District are recorded and maintained in accordance with the Chancellor's Office's *Budget and Accounting Manual*.

<u>Cash and Cash Equivalents</u>: For the purposes of the financial statements, cash equivalents are defined as financial instruments with an original maturity of three months or less. Funds invested in the Marin County Treasury are considered cash equivalents.

<u>Restricted Cash, Cash Equivalents and Investments</u>: Cash that is externally restricted to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital or other noncurrent assets, is classified as non current assets in the statement of net position.

<u>Receivables</u>: Receivables consist of tuition and fee charges to students. Receivables also include amounts due from the federal government, state and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the District's grants and contracts. The District maintains an allowance for doubtful accounts at an amount which management considers sufficient to fully reserve and provide for the possible uncollectibility of other receivable balances.

Intangible Right of Use Assets: The District has recorded intangible right of use assets as a result of implementing GASB 87 and 96. The right to use assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges necessary to place the lease into service. The right to use assets are amortized on a straight-line basis over the life of the related lease.

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

<u>Capital Assets</u>: Capital assets are recorded at cost at the date of acquisition or, if donated, at acquisition value at the date of donation. For equipment, the District's capitalization policy included all items with a unit cost of \$5,000 or higher, and estimated useful life of greater than one year. Renovations to buildings, infrastructure, and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 50 years for buildings, 15 years for land improvements, and 5 years for most machinery and equipment.

<u>Deferred Outflows/Inflows of Resources</u>: In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s), and as such will not be recognized as an outflow of resources (expense/expenditures) until then. The District has recognized a deferred loss on refunding reported which is in the statement of net position. A deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter life of the refunded or refunding debt. Additionally, the District has recognized a deferred outflow of resources related to the recognition of the pension liability and net OPEB liability reported in the Statement of Net Position.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and as such, will not be recognized as an inflow of resources (revenue) until that time. The District has recognized a deferred inflow of resources related to the recognition of the pension liability and the net OPEB liability reported which is in the Statement of Net Position.

<u>Pensions</u>: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the State Teachers' Retirement Plan (STRP) and Public Employers Retirement Fund B (PERF B) and additions to/deductions from STRP's and PERF B's fiduciary net position have been determined on the same basis as they are reported by STRP and PERF B. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms.

<u>Compensated Absences</u>: Compensated absence costs are accrued when earned by employees. Accumulated unpaid employee vacation benefits are recognized at year end as liabilities of the District.

Sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expenditure or expense in the period taken since such benefits do not vest nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits for certain California State Teachers Retirement System and California Public Employees' Retirement System, when the employee retires.

Unearned Revenue: Revenue from federal, state and local special projects and programs is recognized when qualified expenditures have been incurred. Other funds, including tuition and student fees, received but not earned are recorded as unearned revenue until earned.

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Net Position: The District's net position are classified as follows:

Net investment in capital assets: This represents the District's total investment in capital assets, net of associated outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.

Restricted net position: Restricted expendable net position include resources in which the District is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties. Nonexpendable restricted net position consist of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

The District's scholarship and loan trust fund and private purpose trust fund includes resources held in trust from contributions from various organizations or groups. Amounts held are restricted based on agreements with the various organizations, groups or donors. The funds are restricted primarily for Emeritus, nursing, and EOPS scholarships, however there are also general and performing arts scholarships.

*Unrestricted net position:* Unrestricted net position represent resources derived from student tuition and fees, State apportionments, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the District, and may be used at the discretion of the governing board to meet current expenses for any purpose.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the District typically first applies the expense toward restricted resources, then to unrestricted resources. This practice ensures fully utilizing restricted funding each fiscal year.

Risk Management: As more fully described in Note 8, the District is partially self-insured with regard to dental and vision claims and certain other risks. The amount of the outstanding liability at June 30, 2023 for dental and vision claims includes estimates of future claim payments for known cases as well as provisions for incurred but not reported claims and adverse development on known cases which occurred through that date. Outstanding claims which are expected to become due and payable within the subsequent fiscal year are reflected as a claims liability on the District's Statement of Net Position.

<u>State Apportionments:</u> Certain current year apportionments from the state are based on various financial and statistical information of the previous year. Any prior year corrections due to the recalculation will be recorded in the year completed by the State.

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

<u>Classification of Revenues and Expenses</u>: The District has classified its revenues as either operating or nonoperating revenues. Certain significant revenue streams relied upon for operations are recorded as nonoperating revenues, as defined by GASB Cod. Sec. C05.101 including State appropriations, local property taxes, Pell grants and investment income. Nearly all the District's expenses a change transactions. Revenues and expenses are classified according to the following criteria:

Operating revenues and expenses: Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances, and (2) most Federal, State and local grants and contracts and Federal appropriations. All expenses are considered operating expenses except for interest expense on capital related debt.

Nonoperating revenues and expenses - Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources described in GASB Cod. Sec. C05.101, such as State appropriations, Pell grants and investment income. Interest expense on capital related debt is the only nonoperating expense.

Scholarship Discounts and Allowances: Student tuition and fee revenue are reported net of scholarship discounts and allowances in the statement of revenues, expenses and change in net position. Scholarship discounts and allowances represent the difference between stated charges for goods and services provided by the District and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, and other federal, state and nongovernmental programs, are recorded as operating revenues, while Federal Pell Grants are classified as non-operating revenues in the District's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the District has recorded a scholarship discount and allowance.

<u>Estimates</u>: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Accordingly, actual results may differ from those estimates.

New Accounting Pronouncements: GASB Statement No. 96 – Subscription-Based Information Technology Arrangements. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). Under this Statement, a government generally should recognize a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability. A government should recognize the subscription liability at the commencement of the subscription term, which is when the subscription asset is placed into service. The statement is effective for fiscal year 2022-23.

#### **NOTE 2 - CASH AND INVESTMENTS**

District cash and investments at June 30, 2023, consisted of the following:

	District			Fiduciary
Pooled Funds:				
Cash in County Treasury	\$	192,487,981	\$	-
Deposits:				
Cash on hand and in banks		5,204,325		-
Revolving cash		9,638		-
Cash held by fiscal agent		157,873		-
Investments		10,111,128		2,558,840
Total cash and cash equivalents		207,970,945		2,558,840
Less: restricted cash and cash equivalents				
Cash in County Treasury		152,965,604		<u> </u>
Net cash and cash equivalents	\$	55,005,341	\$	2,558,840

<u>Cash in County Treasury</u>: In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the Marin County Treasurer's Investment Fund. The District is considered to be an involuntary participant in an external investment pool. The fair value of the District's investment in the pool is reported in the financial statements at amounts based upon the District's pro-rata share of the fair value by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

Because the District's deposits are maintained in a recognized pooled investment fund under the care of a third party and the District's share of the pool does not consist of specific, identifiable investment securities owned by the District, no disclosure of the individual deposits and investments or related custodial risk classifications is required.

The District's deposits in the fund are considered to be highly liquid. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool. The Marin County Treasurer has indicated that there are no derivatives in the pool as of June 30, 2023.

<u>Restricted Cash and Investments</u>: Restricted cash of \$152,965,604 represents amounts held in the District's name with third party custodians for future construction projects and repayment of long-term liabilities.

Restricted investments of \$10,111,128 represents amounts held in the District's name with third party custodians in a multiple employer trust arrangement to fund the District's pension obligation.

<u>Custodial Credit Risk</u>: The California Government Code requires California banks and savings and loan associations to secure the District's deposits by pledging government securities as collateral. The fair value of pledged securities must equal 110 percent of an agency's deposits. California law also allows financial institutions to secure an agency's deposits by pledging first trust deed mortgage notes having a value of 150 percent of an agency's total deposits and collateral is considered to be held in the name of the District. All cash held by financial institutions is entirely insured or collateralized.

### **NOTE 2 - CASH AND INVESTMENTS, continued**

The District limits custodial credit risk by ensuring uninsured balances are collateralized by the respective financial institution. Cash balances held in banks are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC) and are collateralized by the respective financial institution. At June 30, 2023, the carrying amount of the District's accounts was \$5,371,836. At June 30, 2023, \$408,073 of the bank balance was FDIC insured and \$4,963,763 remained uninsured.

<u>Credit Risk</u>: Under provision of the District's policies and in accordance with Sections 53601 and 53602 of the California Government code, the District may invest in the following types of investments:

- Local agency bonds, notes or warrants within the state
- Securities of the U.S. Government or its agencies
- Certificates of Deposit with commercial banks
- Commercial paper
- Repurchase Agreements

<u>Interest Rate Risk</u>: The District's investment policies do not limit cash and investment maturities as a means of managing their exposure to fair value losses arising from increasing interest rates. At June 30, 2023, the District had no significant interest rate risk related to cash and investments held.

<u>Concentration of Credit Risk</u>: The District does not place limits on the amount they may invest in any one issuer. At June 30, 2023, the District and Trust had no concentration of credit risk.

<u>Fair Value Measurements</u>: The following presents information about the District's assets and liabilities measured at fair value on a recurring basis as of June 30, 2023, and indicates the fair value hierarchy of the valuation techniques utilized by the District to determine such fair value based on the hierarchy:

Level 1 - Quoted market prices for identical instruments traded in active exchange markets.

Level 2 - Significant other observable inputs such as quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable or can be corroborated by observable market data.

Level 3 - Significant unobservable inputs that reflect a reporting entity's own assumptions about the methods that market participants would use in pricing an asset or liability.

There were no changes in the valuation techniques used during the year ended June 30, 2023. There were no transfers of assets between the fair value levels for the year ended June 30, 2023.

The District is required or permitted to record the following assets at fair value on a recurring basis:

	June 30, 2023									
	F	air Value		Level 1		Level 2			Level 3	
Investment securities;										
Mutual funds	\$	10,111,128	\$	10,111,128	\$		-	\$		-

## **NOTE 3 - RECEIVABLES**

Receivables at June 30, 2023 are summarized as follows:

#### **NOTE 6 - UNEARNED REVENUE**

Unearned revenue for the District consisted of the following:

Unearned Federal and State revenues	\$ 11,632,569
Unearned tuition and student fees	1,169,333
Unearned local revenues	2,043,218
Total unearned revenue	\$ 14,845,120

#### **NOTE 7 - LONG-TERM LIABILITIES**

In November 2012, the District issued 2012 General Obligation Refunding Bonds aggregating \$44,380,000. The bonds mature through August 2022 and bear interest at rates ranging from 2.5% to 4%. The proceeds from the issuance will be used to advance refund a portion of the District's outstanding Election 2004 General Obligation Bonds, Series A and pay the cost of issuing the Refunding Bonds. Resulting from the bond issuance, the District received a premium of \$7,445,473 and paid issuance costs of \$425,765. The premium is amortized over the life of the bond repayment. At June 30, 2023, the premium was fully amortized. The final payment of \$3.3 million was made during fiscal year 2022-23.

During the year ended June 30, 2015, the District issued \$32,055,000 of 2015 General Obligation Refunding Bonds. The current interest bonds bear interest at rates of 2.00% to 5.00%, maturing August 1, 2030. Proceeds were used to advance refund a portion of the outstanding 2004 Series A and B General Obligation Bonds and to pay the costs of issuing the 2015 Refunding Bonds. In fiscal year 2021-22, the District issued General Obligation Refunding bonds, that refunded a portion of the current bonds, leaving a new maturity of August 1, 2025. At June 30, 2023, the District has unamortized premiums of \$554,960.

The annual payments required to amortize the 2015 General Obligation Refunding Bonds outstanding as of June 30, 2023, are as follows:

Year Ended			
June 30,	Principal	Interest	Total
 2024	\$ 1,890,000	\$ 260,750	\$ 2,150,750
2025	2,050,000	162,250	2,212,250
2026	2,220,000	55,500	2,275,500
	\$ 6,160,000	\$ 478,500	\$ 6,638,500

### **NOTE 7 - LONG-TERM LIABILITIES, continued**

In February 2016, the District issued \$40,845,000 of 2016 General Obligation Refunding Bonds. The current interest bonds bear interest at rates of 2.00% to 5.00%, maturing August 1, 2038. In fiscal year 2021-22, the District issued General Obligation Refunding bonds, that refunded a portion of the current bonds, leaving a new maturity of August 1, 2025. At June 30, 2023, the District has unamortized premiums of \$23,302.

The annual payments required to amortize the 2016 General Obligation Refunding Bonds outstanding as of June 30, 2023, are as follows:

Principal		Interest		Total
\$ 170,000	\$	14,200	\$	184,200
175,000		10,750		185,750

#### **NOTE 8 - PROPERTY TAXES**

All property taxes are levied and collected by the Tax Assessor of the County of Marin and paid upon collection to the various taxing entities including the District. Secured taxes are levied on July 1 and are due in two installments on November 1 and February 1, and become delinquent on December 10 and April 10, respectively, property taxes is March 1 of the preceding fiscal year.

#### **NOTE 9 – RISK MANAGEMENT**

The District administers dental and vision insurance programs on behalf of the District's eligible employees on a cost-reimbursement basis. The District records an estimated liability for dental and vision claims against the District. Claims liabilities are based on estimates of the ultimate cost of reported claims (including future claim adjustment expenses) and an estimate for claims incurred, but not reported based on historical experience. A formal actuarial study has not been performed, however, the District calculated the estimated amount based on historical experience.

The dental and vision claims reserve activity for the years ended June 30, 2023 and 2022 is as follows:

	2023			2022
Liability balance, beginning of year	\$	70,538	\$	71,639
Claims and changes in estimates		631,804		635,517
Claims payments		(635,599)		(636,618)
Liability balance, end of year	\$	66,743	\$	70,538

#### **NOTE 10 – EMPLOYEE RETIREMENT SYSTEMS**

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Academic employees are members of CalSTRS and classified employees are members of CalPERS.

For the fiscal year ended June 30, 2023, the District reported its proportionate share of the net pension liabilities, pension expense, and deferred outflows of resources and deferred inflows of resources for each of the above plans as follows:

		Collective Collective							
	Collective Net		Defe	rred Outflows	Def	erred Inflows	Collective		
Pension Plan	Per	nsion Liability	of Resources		of	of Resources		sion Expense	
CalSTRS	\$	24,990,446	\$	6,164,592	\$	4,505,351	\$	1,971,924	
CalPERS		37,607,794		11,894,650		1,764,502		4,985,592	
Total	\$	62,598,240	\$	18,059,242	\$	6,269,853	\$	6,957,516	

#### **California State Teachers' Retirement System (CalSTRS)**

<u>Plan Description:</u> Teaching-certified employees of the District are provided with pensions through the State Teachers' Retirement Plan (STRP) – a cost-sharing multiple-employer defined benefit pension plan administered by the California State Teachers' Retirement System (CalSTRS). The Teachers' Retirement Law (California Education Code Section 22000 et seq.), as enacted and amended by the California Legislature, established this plan and CalSTRS as the administrator. The benefit terms of the plans may be amended through legislation. CalSTRS issues a publicly available financial report that can be obtained at http://www.calstrs.com.

#### NOTE 10 - EMPLOYEE RETIREMENT SYSTEMS, continued

#### California State Teachers' Retirement System (CalSTRS), continued

<u>Benefits Provided:</u> The STRP provides retirement, disability, and survivor benefits to beneficiaries. Benefits are based on members' final compensation, age, and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service.

The STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program, and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the State is the sponsor of the STRP and obligor of the trust. In addition, the State is both an employer and nonemployer contributing entity to the STRP. The District contributes exclusively to the STRP Defined Benefit Program; thus disclosures are not included for the other plans.

The STRP provisions and benefits in effect at June 30, 2023, are summarized as follows:

	STRP Defined Benefit Plan				
	On or before	On or after			
Hire date	December 31, 2012	January 1, 2013			
Benefit formula	2% at 60	2% at 62			
Benefit vesting schedule	5 years of service	5 years of service			
Benefit payments	Monthly for life	Monthly for life			
Retirement age	60	62			
Monthly benefits as a percentage of eligible compensation	2.0% - 2.4%	2.0% - 2.4%			
Required employee contribution rate	10.25%	10.205%			
Required employer contribution rate	19.10%	19.10%			
Required state contribution rate	10.828%	10.828%			

<sup>\*</sup>The rate imposed on CalSTRS 2% at 62 members assuming no change in the normal cost of benefits.

#### **NOTE 10 – EMPLOYEE RETIREMENT SYSTEMS, continued**

#### California State Teachers' Retirement System (CalSTRS), continued

<u>Contributions:</u> Required member, District, and State of California contribution rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contribution rates are expressed as a level percentage of payroll using the entry age normal actuarial method. In accordance with AB 1469, employer contributions into the CalSTRS will be increasing to a total of 19.1 percent of applicable member earnings phased over a seven-year period. The contribution rates for each plan for the year ended June 30, 2023, are presented above, and the District's total contributions were \$4,425,647.

## <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources</u> Related to Pensions

At June 30, 2023, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	\$ 24,990,446
State's proportionate share of the net pension liability	
associated with the District	 12,515,288
Total	\$ 37,505,734

The net pension liability was measured as of June 30, 2022. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating college districts and the State, actuarially determined. The District's proportionate share for the measurement periods of June 30, 2022 and June 30, 2021, was 0.036 percent and 0.037 percent, respectively, resulting in a net decrease in the proportionate share of 0.001 percent.

For the year ended June 30, 2023, the District recognized pension expense of \$1,971,924. In addition, the District recognized pension expense and revenue of (\$936,044) for support provided by the State. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferred Outflows of Deferred Inflows of

	Delett	eu Outilows of	Del	ierred iriilows or
	Resources			Resources
Difference between projected and actual earnings on				
plan investments	\$	-	\$	1,222,873
Differences between expected and actual experience		20,500		1,873,454
Changes in assumptions		1,238,419		-
Net changes in proportionate share of net pension liability		480,026		1,409,024
District contributions subsequent to the measurement date		4,425,647		-
Total	\$	6,164,592	\$	4,505,351

#### NOTE 10 - EMPLOYEE RETIREMENT SYSTEMS, continued

#### California State Teachers' Retirement System (CalSTRS), continued

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions, continued</u>

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. The deferred outflows/(inflows) of resources related to pensions will be recognized as follows:

	Deferred				
	Ou	tflows/(Inflows)			
Year Ended June 30,	(	of Resources			
2024	\$	(389,064)			
2025		(1,755,979)			
2026		(1,931,484)			
2027		1,655,126			
2028		(259,049)			
Thereafter		(85,956)			
	\$	(2,766,406)			

<u>Actuarial Methods and Assumptions:</u> Total pension liability for STRP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2021, and rolling forward the total pension liability to June 30, 2022. The financial reporting actuarial valuation as of June 30, 2021, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2021
Measurement date	June 30, 2022
Experience study	July 1, 2015, through June 30, 2018
Actuarial cost method	Entry Age Normal
Discount rate	7.10%
Investment rate of return	7.10%
Consumer price inflation	2.75%
Wage growth	3.50%

CalSTRS uses custom mortality tables to best fit the patterns of mortality among its members. These custom tables are based on RP2000 series tables adjusted to fit CalSTRS experience.

#### **NOTE 10 – EMPLOYEE RETIREMENT SYSTEMS, continued**

#### California State Teachers' Retirement System (CalSTRS), continued

#### Actuarial Methods and Assumptions, continued

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best-estimate ranges were developed using capital market assumptions from CalSTRS' general investment consultant (Pension Consulting Alliance - PCA) as an input to the process. The actuarial investment rate of return assumption was adopted by the board in January 2020 in conjunction with the most recent experience study. For each future valuation, CalSTRS consulting actuary's (Milliman) reviews the return assumption for reasonableness based on the most current capital market assumptions. Best estimates of a 20-year geometric real rates of return and the assumed asset allocation for each major asset class for the year ended June 30, 2023. As summarized in the following table:

	Assumed Asset	Long-term Expected
Asset Class	Allocation	Real Rate of Return*
Public Equity	42%	4.80%
Real Estate	15%	3.60%
Private Equity	13%	6.30%
Fixed Income	12%	1.30%
Risk Mitigating Strategies	10%	1.80%
Inflation Sensitive	6%	3.30%
Cash/Liquidity	2%	-0.40%
	100%	_

<sup>\*20-</sup>year geometric average

<u>Discount Rate:</u> The discount rate used to measure the total pension liability was 7.10 percent. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments, and administrative expense occurred midyear. Based on these assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

#### NOTE 10 - EMPLOYEE RETIREMENT SYSTEMS, continued

#### California State Teachers' Retirement System (CalSTRS), continued

The following presents the District's proportionate share of the net pension liability calculated using the current discount rate, as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

	1%		Current	1%
	Decrease	D	iscount Rate	Increase
	(6.10%)		(7.10%)	(8.10%)
Plan's net pension liability	\$ 42,443,046	\$	24,990,446	\$ 10,499,541

#### California Public Employees' Retirement System (CalPERS) Plan Description

<u>Plan Description:</u> Qualified employees are eligible to participate in the School Employer Pool (SEP) and the Safety Risk Pool under CalPERS, a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Law.

A full description of the pension plans regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2021, annual actuarial valuation reports, Schools Pool Actuarial Valuation, and the Risk Pool Actuarial Valuation Report, Safety. These report(s) and CalPERS audited financial information are publicly available reports that can be found on the CalPERS website under Forms and Publications at: https://www.calpers.ca.gov/page/forms-publications.

Benefits Provided: CalPERS provides service retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members who must be public employees and beneficiaries. Benefits are based on years of service credit, a benefit factor, and the member's final compensation. Members hired on or before December 31, 2012, with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. Members hired on or after January 1, 2013, with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The Basic Death Benefit is paid to any member's beneficiary if the member dies while actively employed. An employee's eligible survivor may receive the 1957 Survivor Benefit if the member dies while actively employed, is at least age 50 (or age 52 for members hired on or after January 1, 2013) and has at least five years of credited service. The cost-of-living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

#### **NOTE 10 – EMPLOYEE RETIREMENT SYSTEMS, continued**

#### California Public Employees' Retirement System (CalPERS), continued

#### Plan Description, continued

The CalPERS provisions and benefits in effect at June 30, 2023, are summarized as follows:

	School Employer Pool (CalPERS)			
	On or before	On or after		
Hire date	December 31, 2012	January 1, 2013		
Benefit formula	2% at 55	2% at 62		
Benefit vesting schedule	5 years of service	5 years of service		
Benefit payments	Monthly for life	Monthly for life		
Retirement age	55	62		
Monthly benefits as a percentage of eligible compensation	1.1% - 2.5%	1.0% - 2.5%		
Required employee contribution rate	7.000%	7.000%		
Required employer contribution rate	25.370%	25.370%		

Contributions: Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. Total plan contributions are calculated through the CalPERS annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The contribution rates are expressed as a percentage of annual payroll. The contribution rates for each plan for the year ended June 30, 2023, are presented above, and the total District contributions were \$4,502,415.

## <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

As of June 30, 2023, the District reported net pension liabilities for its proportionate share of the CalPERS net pension liability totaling \$37,607,794. The net pension liability was measured as of June 30, 2022. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating college districts, actuarially determined. The District's proportionate share for the measurement periods of June 30, 2022 and June 30, 2021, was 0.109 percent and 0.112 percent, respectively, resulting in a net decrease in the proportionate share of 0.003 percent.

#### **NOTE 10 – EMPLOYEE RETIREMENT SYSTEMS, continued**

#### California Public Employees' Retirement System (CalPERS), continued

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions, continued</u>

For the year ended June 30, 2023, the District recognized pension expense of \$4,985,592. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferr	ed Outflows of	De	ferred Inflows of
		Resources		Resources
Difference between projected and actual earnings on				
plan investments	\$	4,440,458	\$	-
Differences between expected and actual experience		169,966		935,731
Changes in assumptions		2,782,011		-
Net changes in proportionate share of net pension liability		-		828,771
District contributions subsequent to the measurement date		4,502,215		
Total	\$	11,894,650	\$	1,764,502

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. The deferred outflows/(inflows) of resources related to pensions will be recognized as follows:

		Deferred
	Out	flows/(Inflows)
Year Ended June 30,	C	of Resources
2024	\$	1,280,265
2025		1,050,692
2026		705,624
2027		2,591,352
	\$	5,627,933

#### **NOTE 10 – EMPLOYEE RETIREMENT SYSTEMS, continued**

#### California Public Employees' Retirement System (CalPERS), continued

<u>Actuarial Methods and Assumptions:</u> Total pension liability for the SEP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2021, and rolling forward the total pension liability to June 30, 2022. The financial reporting actuarial valuation as of June 30, 2021, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date June 30, 2021 Measurement date June 30, 2022

Experience study July 1, 1997, through June 30, 2015

Actuarial cost method Entry Age Normal

Discount rate 6.90% Investment rate of return 6.90% Consumer price inflation 2.50%

Wage growth Varies by entry age and service

Mortality assumptions are based on mortality rates resulting from the most recent CalPERS experience study adopted by the CalPERS Board. For purposes of the post-retirement mortality rates, those revised rates include five years of projected ongoing mortality improvement using Scale AA published by the Society of Actuaries.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations, as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first ten years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund.

The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns.

#### **NOTE 10 – EMPLOYEE RETIREMENT SYSTEMS, continued**

#### California Public Employees' Retirement System (CalPERS), continued

#### Actuarial Methods and Assumptions, continued

The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	Assumed Asset	Real Return
Asset Class*	Allocation	Years 1 - 10**
Global Equity - cap-weighted	30%	4.45%
Global Equity non-cap-weighted	12%	3.84%
Private Equity	13%	7.28%
Treasury	5%	0.27%
Mortgage-backed Securities	5%	0.50%
Investment Grade Corporates	10%	1.56%
High Yield	5%	2.27%
Emerging Market Debt	5%	2.48%
Private Debt	5%	3.57%
Real Assets	15%	3.21%
Leverage	-5%	-0.59%
	100%	

<sup>\*</sup>An expected inflation of 2.30% used for this period.

<u>Discount Rate:</u> The discount rate used to measure the total pension liability was 6.90 percent. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Based on these assumptions, the School Employer Pool fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the District's proportionate share of the net pension liability calculated using the current discount rate, as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

	1%		Current	1%
	Decrease	Di	iscount Rate	Increase
	 (5.90%)		(6.90%)	(7.90%)
Plan's net pension liability	\$ 54,326,363	\$	37,607,794	\$ 23,790,511

<sup>\*\*</sup>Figures are based on the 2021-22 Asset Liability Management study.

#### **NOTE 11 – OTHER POSTEMPLOYMENT BENEFITS**

For the fiscal year ended June 30, 2023, the District reported net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB expense for the following plans:

		Net OPEB	D	eferred Outflows	D	Deferred Inflows		OPEB
OPEB Plan	Lia	bility (Asset)		of Resources		of Resources		Expense
District Plan	\$	(1,703,993)	\$	241,078	\$		-	\$ (92,090)

<u>Plan Description</u>: In addition to the pension benefits described in Note 9, the District provides post-retirement health care benefits to employees hired prior to 1988 and who retire from the District and meet the specific eligibility requirements set forth in their prospective employment contracts under a single employer defined benefit OPEB plan. The plan does not issue separate financial statements. The District pays medical and dental insurance premiums to maintain the level of coverage enjoyed by the retiree immediately preceding retirement up until the age of 70 or death of the retiree.

The District established an irrevocable trust under the California Employer's Retiree Benefit Trust Program (CERBT) to prefund the costs of other postemployment benefits. The funds in the CERBT are held in trust and will be administered by the California Public Employees' Retirement System (CalPERS) as an agent multiple-employer plan. Benefit provisions are established and may be amended by District labor agreements which are approved by the Board of Education. The District's contributions to the irrevocable trust is included in the CERBT, which is included in the CalPERS CAFR. Copies of the CalPERS' CAFR may be obtained from the CalPERS Executive Office – 400 P Street – Sacramento, CA 95814.

The CERBT fund, which is an Internal Revenue Code (IRC) Section 115 Trust, is set up for the purpose of (i) receiving employer contributions to prefund health and other post-employment benefits for retirees and their beneficiaries, (ii) invest contributed amounts and income therein, and (iii) disburse contributed amounts and income therein, if any, to pay for costs of administration of the fund and to pay for health care costs or other post-employment benefits in accordance with the terms of the District's OPEB plan.

#### NOTE 11 – OTHER POSTEMPLOYMENT BENEFITS, continued

<u>Employees Covered by Benefit Terms</u>: The following is a table of plan participants as of the June 30, 2022 measurement date:

	Number of
	Participants
Inactive Employees Receiving Benefits	22
Active Employees	4
	26

<u>Benefits Provided</u>: The following is a description of the current retiree benefit plan:

	Faculty	Classified	Management
Benefit types provided	Medical and dental	Medical and dental	Medical and dental
Duration of Benefits	To age 70	To age 70	To age 70
Required Service	15 years	10 years	10 years
Minimum Age	55	50	50/55*
Dependent Coverage	Yes	Yes**	Yes
District Contribution %	100%	100%	100%
District Cap	Active rates	Active rates	Active rates

<sup>\*</sup>Depending on retirement system

<u>Contributions</u>: California Government Code specifies that the District's contribution requirements for covered employees are established and may be amended by the Governing Board.

The District did not make any contributions to the Plan for the year ended June 30, 2023.

<u>Actuarial Assumptions</u>: The net OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Valuation date	June 30, 2021
Measurement date	June 30, 2022
Actuarial cost methods	Entry-age actuarial cost method
Inflation rate	2.50%
Investment rate of return	5.75%
Health care cost trend rate	4.00%
Payroll increase	2.75%
Mortality	For certificated employees the 2020 CalSTRS mortality tables were used.
	For classified employees the 2017 CalPERS active mortality for miscellaneous and school employees were used.

<sup>\*\*</sup>SEIU employees are not eligible for District-paid dependent benefits

#### NOTE 11 - OTHER POSTEMPLOYMENT BENEFITS, continued

<u>Discount Rate</u>: The actuary assumed that contributions would be sufficient to fully fund the obligation over a period not to exceed 30 years. Historical 30 year real rates of return for each asset class along with assumed long-term inflation assumption was used to set the discount rate. A discount rate of 5.75% was determined using the following asset allocation and assumed rate of return:

#### CERBT - Strategy 2

	Percentage of	Rate of	
Asset Class	Portfolio	Return	
All Equities	22%	7.5%	
All Fixed Income	49%	4.3%	
Real Estate Investment Trusts	8%	7.3%	
All Commodities	5%	7.5%	
Treasury Inflation Protected Securities (TIPS	5) 16%	3.0%	

The actuary looked at rolling periods of time for all asset classes in combination to reflect the correlation between asset classes. The average returns for any asset class don't necessarily reflect the averages over time individually but reflect the return for the asset class for the portfolio average. Geometric means were used.

Changes in the Net OPEB Liability (Asset):

	Increase/(Decrease)												
		Total OPEB	T	otal Fiduciary	Net OPEB								
		Liability		Net Position		Liability							
		(a)		(b)		(a) - (b)							
Balance July 1, 2021	\$	975,229	\$	3,035,250	\$	(2,060,021)							
Changes for the year:													
Service cost		4,014		-		4,014							
Interest on TOL		50,033		-		50,033							
Employer contributions		-		47,918		(47,918)							
Expected investment income		-		168,824		(168,824)							
Investment gains/losses		-		(486,650)		486,650							
Administrative expense		-		(767)		767							
Benefit payments		(214,189)		(245,495)		31,306							
Net change		(160,142)		(516,170)		356,028							
Balance June 30, 2022	\$	815,087	\$	2,519,080	\$	(1,703,993)							

#### NOTE 11 – OTHER POSTEMPLOYMENT BENEFITS, continued

<u>Sensitivity of the Net Pension OPEB to Assumptions:</u> The following presents the net OPEB liability (asset) calculated using the discount rate of 5.75 percent. The schedule also shows what the net OPEB liability (asset) would be if it were calculated using a discount rate that is 1 percent lower (4.75 percent) and 1 percent higher (6.75):

	Discount		Discount
	Rate	Discount	Rate
	1% Lower	Rate	1% Higher
	 (4.75%)	(5.75%)	(6.75%)
Net OPEB liability	\$ (1,687,563) \$	(1,703,993) \$	(1,720,091)

The following table presents the net OPEB liability (asset) calculated using the heath care cost trend rate of 4.0 percent. The schedule also shows what the net OPEB liability (asset) would be if it were calculated using a health care cost trend rate that is 1 percent lower (3.0 percent) and 1 percent higher (5.0 percent):

	Health Care	Health Care	Health Care
	Trend Rate	Trend	Trend Rate
	1% Lower	Rate	1% Higher
	(3.0%)	(4.0%)	(5.0%)
Net OPEB liability	\$ (1,731,638)	\$ (1,703,993)	\$ (1,675,221)

OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2023, the District recognized OPEB expense of (\$92,090). At June 30, 2023, the District reported deferred outflows of resources related to differences between projected and actual earnings on plan investments of \$241,078. The District did not report any deferred inflows of resources as of June 30, 2023.

Amounts reported as deferred outflows of resources related to the net difference between projected and actual earnings of OPEB plan investments will be amortized and recognized in OPEB expense as follows:

		Deferred								
	0	Outflows/(Inflows)								
Year Ended June 30,		of Resources								
2024	\$	42,663								
2025		48,689								
2026		52,396								
2027		97,330								
	\$	241,078								

#### **NOTE 12 - COMMITMENTS AND CONTINGENCIES**

<u>Contingent Liabilities</u>: There are various claims and legal actions pending against the District for which no provision has been made in the general purpose financial statements. In the opinion of the District, any liabilities arising from these claims and legal actions are not considered significant.

The District has received Federal and State funds for specific purposes that are subject to review or audit by the grantor agencies. Although such audits could result in expenditure disallowances under terms of the grants, it is management's opinion that any required reimbursements or future revenue offsets subsequently determined will not have a material effect.

<u>Construction Commitments</u>: As of June 30, 2023, the District has \$19,132,384 in outstanding commitments on construction contracts.

#### **NOTE 13 - JOINT POWERS AGREEMENTS**

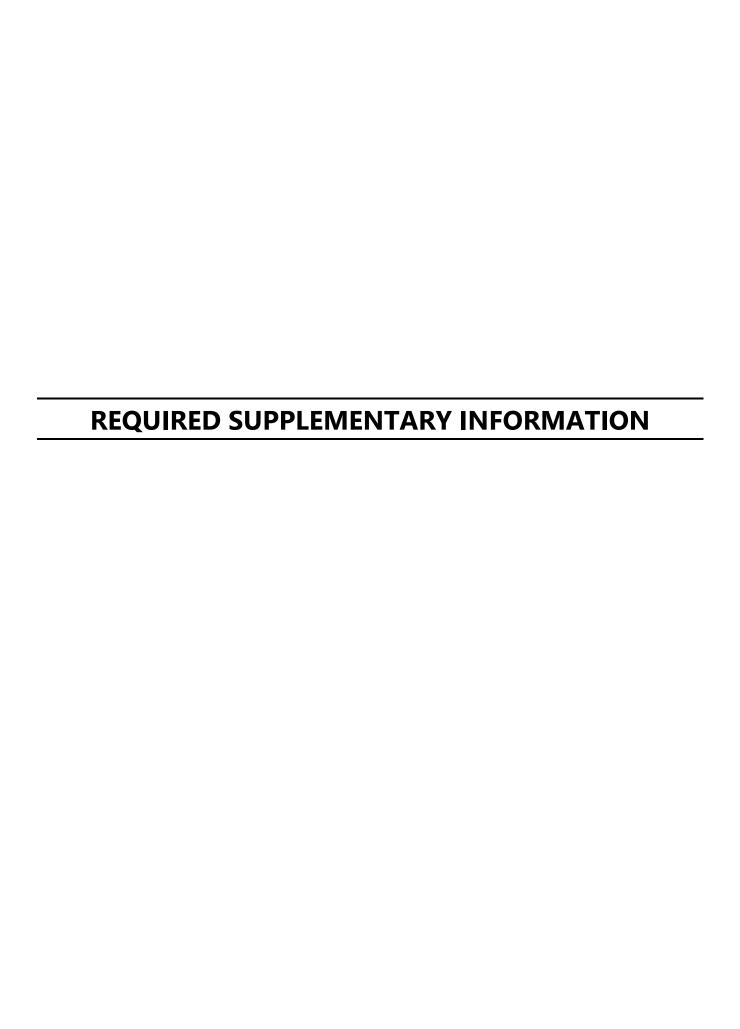

Marin Community College District participates in Joint Power Agreements (JPAs), with Northern California Community College Self Insurance Authority (NCCCSIA), Schools Association for Excess Risk (SAFER), the Protected Insurance Program for Schools (PIPS) and Statewide Association of Community Colleges (SWACC). The relationship between Marin Community College District and the JPAs is such that the JPAs are not component units of Marin Community College District for financial reporting purposes.

The JPAs are governed by boards consisting of a representative from each member district. The boards control the operations of the JPAs, including the selection of management and approval of operating budgets, independent of any influence by the member district beyond their representation on the governing board. NCCCSIA, SAFER and SWACC provide property and liability insurance for its members. PIPS provides workers' compensation insurance for its members. Marin Community College District pays a premium commensurate with the level of coverage requested. Settled claims resulting from these risks have not exceeded insurance coverage on any of the past three years.

Member districts share surpluses and deficits proportionate to their participation in the JPAs. The JPAs are independently accountable for their fiscal matters and maintain their own accounting records. Budgets are not subject to any approval other than that of the governing board.

Condensed financial information of the JPAs for the most current year for which audited information is available, is as follows:

		NCCCSIA		SAFER	PIPS	SWACC

## MARIN COMMUNITY COLLEGE DISTRICT NOTE TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2023

#### **NOTE 1 - PURPOSE OF SCHEDULE**

#### Schedule of Changes in Net OPEB Liability and Related Ratios

The Schedule of Changes in Net OPEB asset is presented to illustrate the elements of the District's Net OPEB liability. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available.

#### Schedule of Contributions - OPEB

This schedule presents information on the District's actuarially determined contribution, contributions in relation to the actuarially determined contribution, and any excess or deficiency related to the actuarially determined contribution. In the future, as data becomes available, ten years of information will be presented.

#### Schedule of the Proportionate Share of the Net Pension Liability

The Schedule of the District's Proportionate Share of the Net Pension Liability is presented to illustrate the elements of the District's Net Pension Liability. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available.

#### **Schedule of Contributions – Pensions**

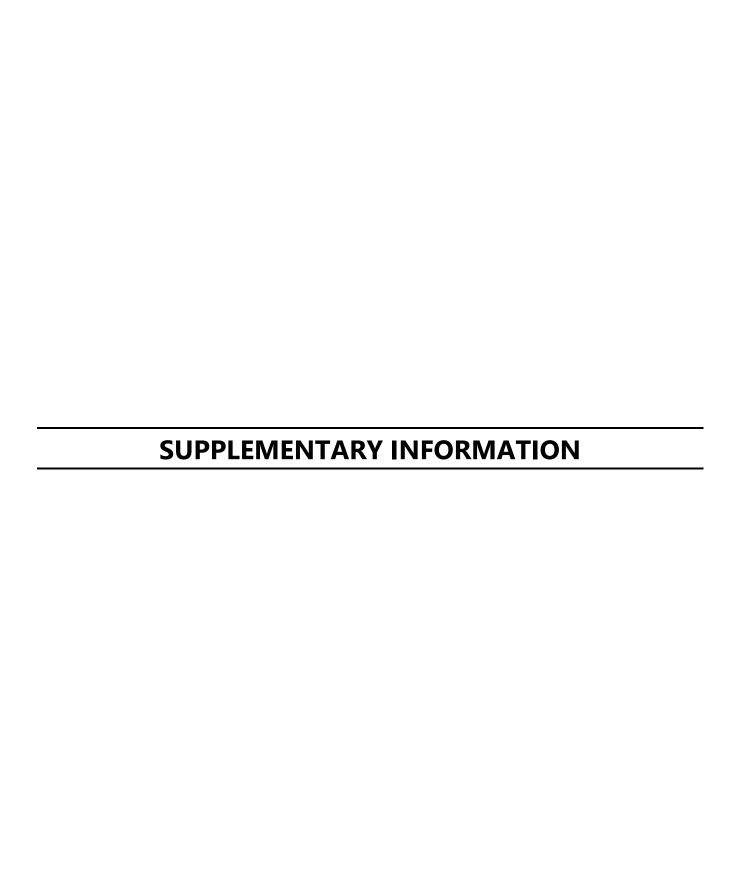

The Schedule of the District's Contributions is presented to illustrate the District's required contributions relating to the pensions. There is a requirement to show information for 10 years. However, until a full 10- year trend is compiled, governments should present information for those years for which information is available.

#### **Changes of Benefit Terms**

There are no changes in benefit terms reported in the Required Supplementary Information.

#### **Changes of Assumptions**

The discount rate decreased from 7.15% to 6.90% since the previous valuation for CalPERS. There were no changes in assumptions since the previous valuations for CalSTRS.

## MARIN COMMUNITY COLLEGE DISTRICT DISTRICT ORGANIZATION JUNE 30, 2023

Marin Community College District was established in 1926, and is comprised of two campuses, Kentfield and Indian Valley. There were no changes in the boundaries of the District during the current year.

The Governing Board and District Administration for the fiscal year ended June 30, 2023 were composed of the following members:

#### **GOVERNING BOARD**

MEMBER	OFFICE	TERM EXPIRES
Diana Conti	President	2026
Suzanne Brown Crow	Vice President	2026
Stephanie O'Brien	Trustee	2024
Philip Kranenburg	Trustee	2024
Eva Long, Ph.D.	Trustee	2024
Paul da Silva, Ph.D.	Trustee	2024
Wanden P. Treanor	Trustee	2026
Devin Mims	Student Trustee	2023

### \_ .....

David Wain Coon, Ed.D. Superintendent/President

Gregory W. Nelson

Assistant Superintendent/Vice President of

Administrative Services

Jonathan Eldridge
Assistant Superintendent/Vice President of Student
Learning and Success

#### **AUXILIARY ORGANIZATIONS IN GOOD STANDING**

AUXILIARY NAME	DIRECTOR'S NAME	ESTABLISHMENT AND MASTER AGREEMENT DATE
College of Marin Foundation	Greg Nelson, Asst. Supt./VP of Admin. Services; Keith Rosenthal, Director of Advancement	Organized as an auxiliary organization in 2018 and has a signed master agreement dated 9/12/18.

## MARIN COMMUNITY COLLEGE DISTRICT NOTE TO SUPPLEMENTARY INFORMATION JUNE 30, 2023

#### **NOTE 1 - PURPOSE OF SCHEDULES**

#### **District Organization**

This schedule provides information about the District's governing board members and administration members.

#### **Schedule of Expenditure of Federal Awards**

The Schedule of Expenditure of Federal Awards includes the federal award activity of Marin Community College District under programs of the federal government for the year ended June 30, 2023, and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Because the Schedule presents only a selected portion of the operations of Marin Community College District, it is not intended to and does not present the financial position, changes in net position, or cash flows of Marin Community College District. Expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

#### **Schedule of State Financial Awards**

The accompanying Schedule of State Financial Awards includes State grant activity of the District and is presented on the accrual basis of accounting. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. The information in this schedule is presented to comply with reporting requirements of the California Community Colleges Chancellor's Office.

#### Schedule of Workload Measures for State General Apportionment

Full-time equivalent students is a measurement of the number of students attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to community college districts. This schedule provides information regarding the attendance of students based on various methods of accumulating attendance data.

#### **Reconciliation of Governmental funds to the Statement of Net Position**

This schedule provides the information necessary to reconcile the fund balances to the audited financial statements.

#### Reconciliation of Education Code Section 84362 (50 Percent Law) Calculation

This schedule provides the information necessary to reconcile the 50 Percent Law Calculation reported on the CCFS-311 to the audited data.

#### **Education Protection Account Expenditure Report**

This schedule provides information about the District's EPA proceeds and summarizes how the EPA proceeds were spent.

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Trustees Marin Community College District Kentfield, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States the financial statements of the business-type activities and the aggregate remaining fund information of Marin Community College District (the District) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 8, 2023.

### **Adoption of New Accounting Standard**

As discussed in Note 1 to the financial statements, the District has adopted the provisions of Government Accounting Standards Board (GASB) Statement No. 96, *Subscription-Based Information Technology Arrangements*, for the year ending June 30, 2023. Our opinions are not modified with respect to this matter.

### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

San Diego, California November 8, 2023

## INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Board of Trustees Marin Community College District Kentfield, California

### Report on Compliance for Each Major Federal Program Opinion on Each Major Federal Program

We have audited Marin Community College District's (the District) compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the District's major Federal programs for the year ended June 30, 2023. The District's major Federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the year ended June 30, 2023.

### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Marin Community College District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Marin Community College District's compliance with the compliance requirements referred to above.

### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Marin Community College District's federal programs.

### Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Marin Community College District's compliance based on our audit

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate it would influence the judgment made by a reasonable user of the report on compliance about Marin Community College District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and
  perform audit procedures responsive to those risks. Such procedures include examining, on a test basis,
  evidence regarding Marin Community College District's compliance with the compliance requirements
  referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Marin Community College District's internal control over compliance relevant
  to the audit in order to design audit procedures that are appropriate in the circumstances and to test and
  report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose
  of expressing an opinion on the effectiveness of Marin Community College District's internal control over
  compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE

The Board of Trustees Marin Community College District Kentfield, California

## Report on State Compliance Opinion on State Compliance

We have audited the Marin Community College District's (the District) compliance with the types of state compliance as identified in the 2022-23 California Community Colleges Chancellor's Office Contracted District Audit Manual for the year ended June 30, 2023. The applicable state compliance requirements are identified in the table below.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that are applicable to the programs noted below that were audited for the year ended June 30, 2023.

### **Basis for Opinion**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the compliance requirements described in the 2022-23 California Community Colleges Chancellor's Office *Contracted District Audit Manual*. Our responsibilities under those standards and the compliance requirements are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on state compliance with the compliance requirements subject to audit in the 2022-2023 California Community Colleges Chancellor's Office Contracted District Audit Manual. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's compliance with the requirements listed in the table below.

### Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements listed in the table below has occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the 2022-2023 California Community Colleges Chancellor's Office Contracted District Audit Manual will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements listed in the table below.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the 2022-2023 California Community Colleges Chancellor's Office *Contracted District Audit Manual*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order
  to design audit procedures that are appropriate in the circumstances, but not for the purpose of
  expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly,
  no such opinion is expressed. We are required to communicate with those charged with governance
  regarding, among other matters, the planned scope and timing of the audit and any material
  noncompliance with the requirements listed in the table below that we identified during the audit.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any material noncompliance with the requirements listed in the table below that we identified during the audit.

### **Other Matters**

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the 2023-23 Contracted District Audit Manual, published by the California Community Colleges Chancellor's Office, and which is described in the accompanying schedule of findings and questioned costs as finding #2023-001. Our opinion on each state program is not modified with respect to these matters.

The District's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response

### **Compliance Requirements Tested**

In connection with the audit referred to above, we selected and tested transactions and records to determine the District's compliance with State laws and regulations applicable to the following:

Section 411 – SCFF Data Management Control Environment

Section 412 – SCFF Supplemental Allocation Metrics

Section 413 – SCFF Success Allocation Metrics

Section 421 – Salaries of Classroom Instructors (50 Percent Law)

Section 423 – Apportionment for Activities Funded From Other Sources

Section 424 – Student Centered Funding Formula Base Allocation: FTES

Section 425 – Residency Determination for Credit Courses

Section 426 – Students Actively Enrolled

Section 427 – Dual Enrollment (CCAP)

Section 430 – Scheduled Maintenance Program

Section 431 – Gann Limit Calculation

Section 444 – Apprenticeship Related and Supplemental Instruction (RSI) Funds

WOL, Certiful Poblic Accontents

Section 475 – Disabled Student Programs and Services (DSPS)

Section 490 – Propositions 1D and 51 State Bond Funded Projects

Section 491 - Education Protection Account Funds

Section 492 - Student Representation Fee

Section 499 – COVID-19 Response Block Grant Expenditures

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing over state laws and regulations based on the requirements described in 2022-23 California Community Colleges Chancellor's Office Contracted District Audit Manual. Accordingly, this report is not suitable for any other purpose.

San Diego, California November 8, 2023

### **SECTION II - FINANCIAL STATEMENT FINDINGS**

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with Government Auditing Standards.

There were no financial statement audit findings or questioned costs identified during 2022-23.

### SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

This section identifies the audit findings required to be reported by the Uniform Guidance (e.g., deficiencies, significant deficiencies, material weaknesses, and instances of noncompliance, including questioned costs).

There were no federal award findings or questioned costs identified during 2022-23.

.

### SECTION IV - STATE AWARD FINDINGS AND QUESTIONED COSTS

### FINDING #2023-001 - STATE COMPLIANCE - SALARIES OF CLASSROOM INSTRUCTORS (50 PERCENT LAW)

### Criteria

Education Code Section 84362, commonly known as the 50 Percent Law, requires that a minimum of 50 percent of the district's Current Expense of Education (CEE) be expended during each fiscal year for "Salaries of Classroom Instructors."

### **Condition**

The District failed to meet the required 50 percent minimum.

### **Effect**

Less than 50 percent of the District's Current Expense of Education (CEE) was expended for salaries of classroom instructors, thereby the District is not in compliance with Education Code Section 84362.

### Cause

The District expended more on non-instructional costs than instructional costs in the Current Expense of Education.

### **Fiscal Impact**

None. The District is primarily funded from property taxes.

### **Repeat Finding**

See prior year finding #2022-001.

### Recommendation

The District should come into compliance with the 50 Percent Law by expending a higher amount of the District's CEE for salaries of classroom instructors, or by reducing noninstructional costs.

### **Corrective Action Plan**

The District currently has "community supported" status, or sometimes referred to as "basic aid." With that comes extra resources that allow the District to achieve programs, services and partnerships that other districts may not have the luxury to enjoy. Those extra resources, while not supporting the 50% law, support the community that we need to serve, provide the resources to correct inequities in our local society, and provide services that are many times neglected in Marin County. The extra resources we are fortunate to have as community supported provide for the same students and contributed to the conditions that led to the district unable to make the 50% law for this fiscal year. As the District moves forward, we will continue to meet the needs of all of our programs within the District as needed to achieve our educational and strategic plans.

### MARIN COMMUNITY COLLEGE DISTRICT SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2023

### FINDING #2021-002 – STATE COMPLIANCE - SALARIES OF CLASSROOM INSTRUCTORS (50 PERCENT LAW)

#### Criteria

Education Code Section 84362, commonly known as the 50 Percent Law, requires that a minimum of 50 percent of the district's Current Expense of Education (CEE) be expended during each fiscal year for "Salaries of Classroom Instructors."

### **Condition**

The District failed to meet the required 50 percent minimum.

#### **Effect**

Less than 50 percent of the District's Current Expense of Education (CEE) was expended for salaries of classroom instructors, thereby the District is not in compliance with Education Code Section 84362.

#### Cause

The District expended more on non-instructional costs than instructional costs in the Current Expense of Education.

### **Fiscal Impact**

None. The District is primarily funded from property taxes.

### Recommendation

The District should come into compliance with the 50 Percent Law by expending a higher amount of the District's CEE for salaries of classroom instructors, or by reducing noninstructional costs.

### **Corrective Action Plan**

The District currently has "community supported" status, or sometimes referred to as "basic aid." With that comes extra resources that allow the District to achieve programs, services and partnerships that other districts may not have the luxury to enjoy. Those extra resources, while not supporting the 50% law, support the community that we need to serve, provide the resources to correct inequities in our local society, and provide services that are many times neglected in Marin County. The extra resources we are fortunate to have as community supported provide for the same students and contributed to the conditions that led to the district unable to make the 50% law for this fiscal year. As the District moves forward, we will continue to meet the needs of all of our programs within the District as needed to achieve our educational and strategic plans.

### **Status**

See finding 2023-001.
