

An architectural rendering of a modern, two-story building with a long, low profile. The building features large glass windows and a light-colored facade. It is situated on a hillside with trees in the background. In the foreground, there is a paved road with a yellow double line, and several people are walking on a sidewalk. The sky is clear and blue.

General Fund Highlights

Overview

Basic Aid Status

The District is a “Basic Aid” district, or, as it is now being called, a “self-supporting” district. The District’s core funding is determined by law to be the larger of the State funding formula known as apportionment, which is based on full-time equivalent student (FTES) enrollment, or a fixed percentage of the County of Marin’s property tax revenue. In fiscal year 2013-14, the District received approximately \$17.4 million more as a Basic Aid district – the “Basic Aid increment” – than it would have received from apportionment. In 2014-15, the Basic Aid increment will be approximately \$19.7 million.

The State Budget Process and College of Marin

The most significant element for the District in the State budget process for 2013-14 was the passage of Proposition 30, The Schools and Local Public Safety Protection Act of 2012. As a result, the District expects to receive \$100 per FTES annually for 4 years. Funds were initially received in fiscal year 2012-13. The Fiscal Year 2014-15 Adoption Budget includes \$437 thousand for EPA Proposition 30 revenue. The Chancellor’s Office has adopted a COLA of 1.7% for its 2014-15 budget.

Discussion of the Proposed Budget for Fiscal Year 2014-15

The Adoption Budget for 2014-15 has the following key elements:

- Budgeted expenditures exceed planned revenues resulting in \$536 thousand net decrease to the ending Fund Balance.
- The Ending Fund Balance for 2014-15 is 8.5% of total Unrestricted General Fund expenses compared to the actual 10.3% for 2013-14.
- A positive CPI inflation factor adjustment of 0.454% for secured property taxes is expected to result in an increase of \$2.2 million for 2014-15 secured property taxes.
- Increase in health benefits is approximately \$955 thousand for 2014-15.

MARIN COMMUNITY COLLEGE DISTRICT ADOPTION BUDGET 2014-2015

Analysis and Comparison of Revenue and Expense

Projected total General Fund Revenue for 2014-15 is \$72.3 million compared to \$65.9 million for 2013-14. This is an increase of \$6.4 million or 9.7%, principally due to deferred revenues of categorical programs from prior years. Projected total General Fund Expenditures for 2014-15 are \$72.8 million compared to \$65.0 million for 2013-14. This is an increase of \$7.8 million or 12.0%, principally due to carry forwards of categorical programs from prior years. The 2014-15 budgeted unrestricted revenues of \$49.6 million increased \$2.2 million or 4.6% over the 2013-14 unrestricted revenues of \$47.4 million; 2014-15 budgeted unrestricted expenditures of \$50.1 million is an increase of \$3.6 million or 7.7% more than the 2013-14 unrestricted expenditures of \$46.5 million.

Discussion of Year-end Results for Fiscal Year 2013-14

Unrestricted revenues are about \$598 thousand higher than budgeted. Unrestricted expenditures are approximately \$1.2 million lower than budgeted, primarily due to vacant positions and lower benefit costs than anticipated, offset by higher Other Outgo.

Short-Term Borrowing

The District relies on property taxes for its core funding. Property taxes are collected by the County and distributed to local agencies in December and April. The period from July through December is very difficult from a cash flow perspective and extensive borrowing occurs during that period. The District may use the County of Marin as authorized by Article XVI, Section 6, of the Constitution of California. Or, the District may use the Community College League Cash Flow Borrowing Program for arranging this financing. Both methods provide a mechanism for borrowing the needed funds, at an advantageous placement cost, due to high program participation. For 2014-15 the County of Marin will provide short-term funding not to exceed \$16 million.

Special Fund Highlights

Scholarship and Investment Trust Fund

Previously “Foundation Trust Fund,” the name of this fund was changed in accordance with the accounting and financial statement guidelines of the California Community Colleges Chancellor’s Office. The interest earned on the donations in this fund is used to support scholarships and other direct financial aid to students, and other instructional improvement activities.

There are fifteen endowments and grants coordinated through this fund. The value of the principal in the Scholarship and Investment Trust Fund as of June 30, 2014 is projected to be \$1.3 million. The remainder of the fund balance is interest earned on these funds.

Child Development Fund

The Child Development Fund is utilized to account for the State and locally supported operation of the Child Study Centers located at the Indian Valley and Kentfield campuses, which provide child care for student parents and instructional lab support to Early Childhood Education, Pediatric Nursing, Child Psychology, Behavioral Science and related disciplines.

The Child Development Fund’s federal, state and local revenue sources are intended to support child care activities. On the other hand, most of the General Fund’s transfer supports the cost of the instructional lab support the Child Study Centers provide to the College’s academic programs. Results of 2013-14 operations are \$249 thousand more in expenditures than externally funded revenue. Approximately 70% or \$174 thousand of the \$249 thousand General Fund transfer is attributable to the cost of Child Study Centers providing lab support to the College’s programs and results in a \$0 year-end fund balance. The 2014-2015 Adoption Budget includes increased Parent Fees and a General Fund transfer of \$264 thousand, of which approximately 69% continues to supports the costs of instructional lab services the Centers provide to the College and continues to result in a \$0 fund balance.

Capital Outlay Fund – Hamilton Redevelopment and State Scheduled Maintenance

State support for facilities scheduled maintenance has diminished significantly over the last several years. State Scheduled Maintenance funds are now received as part of the Instructional Equipment/Scheduled Maintenance Block grant funding and are accounted for in the General Fund, Restricted Funds.

Capital Outlay Fund – Measure C Building Fund

On November 2, 2004 the voters of Marin County overwhelmingly passed Measure C, a \$249.5 million bond for facilities maintenance, job training and safety, passing with more than 60 percent of the vote, easily surpassing the required 55 percent. With the bond, the College has been able to modernize science labs, classrooms, and libraries; provide modern computer technology; upgrade fire safety, campus security, disabled access, energy conservation systems and electrical wiring for computer technology; and repair, construct, acquire, and/or equip classrooms, labs, sites and facilities. The College retained Swinerton Management and Consulting, Inc. as its program and construction management provider through the end of 2012. Beginning January 1, 2013, the College retained Jacobs Project Management Co. to assume the role of program and construction management and to continue to work with COM's faculty, staff and students to implement the Measure C Program work in accordance with the Facilities Development and Master Plan.

In April 2005, \$75 million in bonds were sold. An additional \$75 million in bonds were sold in February 2009, and another \$52.505 million in bonds were sold in June 2011. In December 2012, \$46.995 million in bonds were sold. All issuances were sold pursuant to the terms of a public sale. All proceeds were delivered to the Marin County Treasury for credit of College of Marin into its building fund. The District continues to work closely with the County Treasury, providing cash flows and construction schedules, to optimize investment incomes.

Hamilton Redevelopment Bond Redemption Fund

In 2003/04 the District approved the issuance of a lease revenue bond. The financing was accomplished, and a total of \$3.1 million of bond funds were generated. After financing and placement costs, the District had \$2.7 million available to fund capital facilities renewal projects and capital equipment purchases, and \$213 thousand held in the required debt service reserve. The bond is repaid by the stream of revenues due to the District from the Hamilton Redevelopment Project. Debt service for 2013-14 amounted to \$96 thousand and is projected to be \$104 thousand for 2014-15.

MARIN COMMUNITY COLLEGE DISTRICT ADOPTION BUDGET 2014-2015

10

Measure C Bond Redemption Fund

Original Issue Premiums of \$3.0 million on the sale of the bond, netted against approximately \$559 thousand in issuance and underwriting costs, were deposited and future receipts from the underlying tax rolls as well as accrued interest will be deposited into the Measure C Bond Redemption Fund. For the February 2009 bond sale, \$2.0 million issue premiums netted against \$1.2 million cost of issuance were also deposited into the Measure C Bond Redemption Fund. For the June 2011 bond sale, \$767 thousand issue premiums were deposited into this fund, and for the December 2012 bond sale, an additional \$402 thousand issue premiums were also deposited into the Measure C Bond Redemption Fund.

This fund is used for the payment of principal and interest on the bond. Debt service for 2013-14 for amounted to \$12.3 million and is projected to be \$9.9 million for 2014-15. Expenditures are covered by proceeds of the ad valorem property tax which is billed and collected by the Marin County Tax Assessor's Office.

Self-Insurance Fund

The District self-insures for vision and dental coverage, with stop-loss insurance on the dental coverage. The full funding burden is borne by the District and is classified as a part of Benefits. The District does not anticipate a rate change for 2014-15.

Other Post Employment Benefits (OPEB) Trust Fund

In June 2013, the District established an irrevocable OPEB trust fund with CalPERS, formally named the California Employers' Retiree Benefit Trust (CERBT) fund, and transferred \$2.2 million balance from the previous Retiree Unfunded Medical Benefits Liability Fund to the new irrevocable OPEB Trust fund. It is anticipated that earnings from the irrevocable OPEB trust fund will allow the District to begin funding retiree benefits entirely from the trust beginning in the 2018-19 Fiscal Year. In 2012, Total Compensation System, Inc. updated the OPEB actuarial study (through September 1, 2012) which showed that the unfunded liability had diminished from about \$6.6 million down to \$5.7 million. Also, in preparation for establishing the new irrevocable OPEB trust, Total Compensation System, Inc. completed another actuarial study (through June 30, 2013) which showed that the unfunded liability had diminished down to \$5.1 million. Investment earnings were \$338 thousand in 2013-14 and \$250 thousand in 2014-15.

PART V – SPECIAL FUND / PROGRAM BENEFITS

A. OVERVIEW

The General Fund of the Marin Community College District reflects most of the District's educational activities. There are other funds within the District that support related operations that are either legislatively mandated or directed by the Board. A brief review of each of these funds is provided along with a summary fiscal analysis of the operation for the 2011-12, 2012-13 and 2013-14 Fiscal Years, and a proposed Adoption Budget for the 2014-15 Fiscal Year. The following funds or programs are included in this section:

- 1. Investment Trust Fund (Formerly Foundation Trust Fund)**
- 2. Child Development Fund**
- 3. Capital Outlay Fund – Hamilton Redevelopment and State Scheduled Maintenance**
- 4. Capital Outlay – Measure C Building Fund**
- 5. Hamilton Redevelopment Bond Redemption Fund**
- 6. Measure C Bond Interest and Redemption Fund**
- 7. Self-Insurance Fund**
- 8. Other Post Employment Benefits (OPEB) Trust Fund**
- 9. Associated Student Organizations**

B. NARRATIVE TEXT AND FINANCIAL STATEMENTS
SCHOLARSHIP AND INVESTMENT TRUST FUNDS REVENUE AND EXPENDITURE REPORT

This fund was established as a result of a very generous donation made in December 1982. The purpose of the donation was to establish two permanent endowment funds of \$50,000 each. One of the endowments is to be used for scholarships and other direct financial aid to students, while the other is to be used for instructional improvement activities. There have been additional gifts made since that time.

One grant was shifted to the College of Marin Foundation in 1996-97, and the R. A. Brown Journalism Chair endowment was shifted to the Foundation in 1997-98 at the donor's request. Of the original thirteen endowments and grants five Financial Aid/Scholarship endowments, in 2004-05 the District moved five endowments to the College of Marin Foundation. All endowments are for student scholarships/aid and the Foundation already administers an extensive scholarship program. The principal portions of the endowments are: Irwin P. Diamond Outstanding Graduate Award (\$7,444), the Florence Gastonguay Financial Aid Fund (\$6,175), Frank D. Gomez Scholarship Fund (\$50,000), Charles and Aida McLeran Student Loan Fund (\$2,000) and Kim R. Cortright Scholarship Fund (\$50,000). The total endowment principal transferred was \$115,619.

Since the 1992-93 Fiscal Year, the College became a residuary beneficiary of the Carolyn DeBorba Trust, receiving \$465,147. One-fourth of this amount was transferred to the COM Foundation and the remainder was deposited into this Fund. The intended expenditures of the revenues from these funds are: one quarter Scholarships, one quarter Facilities & Grounds, and one half at Board discretion. During 2012-13, the College became the beneficiary of the Thomas Frederic Humiston Trust, receiving \$200,000. Also during 2012-13 the College began to receive an annual Clara Hamilton nursing scholarship contribution which over the last two years has been \$48,360 and \$50,012 respectively. During 2013-14, the College received a \$200,000 anonymous donation via the Marin Community Foundation for the benefit of the general scholarship fund and Emeritus.

There are currently fifteen endowments and grants coordinated through these funds. The value of the principal in the Scholarship and Investment Trust Funds as of June 30, 2014 is projected at over \$1.3 million. The remainder of the fund balance is interest earned on these funds.

**CHILD DEVELOPMENT FUND
REVENUE AND EXPENDITURE REPORT**

The Child Development Fund is utilized to account for the State and locally supported operation of the Child Study Centers located at the Indian Valley and Kentfield campuses.

Federal funding has declined over the last eight years, mainly the food program and the termination of the CCAMPIS program. Additionally, as a result of the Tax Bailout funding reduction (\$80,000) during 2009-10, State funding has also decreased significantly. The 2014-15 Adoption Budget includes State Tax Bailout and Department of Ed preschool contract funding levels consistent with 2013-14. Although the State budget picture has improved with the passage of Proposition 30, Pre-school funding is still extremely uncertain and dependent upon the level of state certified enrollments. Locally, Child Study Center management and staff continue to make significant progress with other funding sources and the Adoption Budget reflects significantly higher parent fee income.

2014-15 expenses are budgeted to increase as a result of staffing related costs including benefits.

The 2013-14 deficit is covered by a transfer of \$249 thousand from the General Fund. 2014-15's budgeted operational deficit of \$264 thousand will need to be entirely funded by the General Fund.

CAPITAL OUTLAY FOR MEASURE C BUILDING FUND REVENUE AND EXPENDITURE REPORT

On November 2, 2004 the voters of Marin County overwhelmingly passed Measure C, a \$249.5 million bond for facilities maintenance, job training and safety, passing with more than 60 percent of the vote, easily surpassing the required 55 percent. With the bond, the College has been able to modernize science labs, classrooms, and libraries; provide modern computer technology; upgrade fire safety, campus security, disabled access, energy conservation systems and electrical wiring for computer technology; and repair, construct, acquire, and/or equip classrooms, labs, sites and facilities. The College retained Swinerton Management and Consulting, Inc. as its program and construction management provider through the end of 2012. Beginning January 1, 2013, the College retained Jacobs Project Management Co. to assume the role of program and construction management and to continue to work with COM's faculty, staff and students to implement the Measure C Program work in accordance with the Facilities Development and Master Plan.

In April 2005, \$75 million in bonds were sold. An additional \$75 million in bonds were sold in February 2009, and another \$52.505 million in bonds were sold in June 2011. In December 2012, \$46.995 million in bonds were sold. All issuances were sold pursuant to the terms of a public sale. All proceeds were delivered to the Marin County Treasury for credit of College of Marin into its building fund. The District continues to work closely with the County Treasury, providing cash flows and construction schedules, to optimize investment incomes.

To date, the Measure C Program has completed four new and three renovated buildings, including the new LEED certified Science and Math and Nursing Building, the Child Study Center, the Performing Arts and Fine Arts Buildings, the Diamond PE Center and track, and the Main Building and Transportation Technology Complex at the Indian Valley Campus. As well, many accessibility, renewable energy, utility infrastructure and technology projects have been completed.

The 2014-15 budget outlines approximately \$30.0 million in facilities renewal and modernization costs, including construction, architectural and civil, geotechnical and MEP engineering services, plus landscape architect, industrial hygienist, cultural resources monitoring, CEQA and energy consultants. Construction and modernization plans outlined for the upcoming fiscal year include the ongoing construction of the new Academic Center Building, ADA building upgrades in Fusselman Hall, Student Services and the Learning Resources Center, seismic upgrade project for the Learning Resources Center, infrastructure, and technology projects.

**HAMILTON REDEVELOPMENT BOND REDEMPTION FUND
REVENUE AND EXPENDITURE REPORT**

In 2003/04 the District approved the issuance of a lease revenue bond. The financing was accomplished, and a total of \$3,070,834 of bond funds was generated. After financing and placement costs, the District had \$2,705,598 available to fund capital facilities renewal projects and capital equipment purchases, and \$213,438 held in the required debt service reserve.

The bond is repaid by the stream of revenues due to the District from the Hamilton Redevelopment Project. Debt service for 2013-14 amounted to \$96,133 and is projected to be \$103,858 for 2014-15.

The bonding and its component asset, liability, expense and income elements are accounted for in accordance with the accounting and financial statement guidelines of the California Community College Chancellor's Office, as set out in the Budget and Accounting Manual (BAM).

In accordance with the BAM, the Hamilton Redevelopment Bond Redemption Fund has been created to account for the bond redemption process, including the debt service reserve, payments and other expenses, and any offsetting interest earned. The receipt of funds due to the District from the Hamilton Redevelopment Project is also recorded in this fund.

REVENUE AND EXPENDITURE REPORT**

This fund is used for the payment of principal and interest on the bond.

Original Issue Premiums of \$3,015,266 on the sale of the bond, netted against approximately \$559,158 in issuance and underwriting costs, were deposited and future receipts from the underlying tax rolls as well as accrued interest will be deposited into the Measure C debt service fund.

In relation to the February 2009 bond sale, \$1,982,513 issue premiums netted against \$1,180,240 cost of issuance and underwriting fees. In December 2009 we received a reimbursement of \$32,042 towards the Issuance of the Bond.

For the June 2011 bond sale, \$767,032 issue premiums were deposited into the Measure C Bond Redemption Fund. Related issuance costs of \$260,719 were charged against the bond issue of \$52,505,000 in the Measure C Building Fund.

For the December 2012 bond sale, \$401,662 issue premiums were deposited into the Measure C Bond Redemption Fund, and paid the underwriting cost of \$120,809. Related issuance costs of \$101,675 were charged against the bond issue of \$46,995,000 in the Measure C Building Fund.

In December 2012, the District took advantage of low interest rates and refinanced previously-issued general obligation bonds. This refinancing is also known as "refunding." In this bond refunding, the District deposited refunding bond proceeds of \$44,380,000 and related net premium of \$7,445,473 into the Measure C Bond Redemption Fund. In addition, the District placed \$51,399,708 into a refunded bond escrow trust account to pay for the refunded bonds. The refunding bond transaction incurred \$236,540 underwriting costs and \$189,225 issuance costs. In total, this bond refinancing transaction represents a net present value savings to the taxpayers of \$6.36 million over the life of the bonds.

Debt service for 2013-14 amounted to \$12,267,359 and is projected to be \$9,863,125 for 2014-15. Expenditures are covered by proceeds of the ad valorem property tax which is billed and collected by the Marin County Tax Assessor's Office.

**OTHER POST EMPLOYMENT BENEFITS (OPEB) TRUST FUND
REVENUE AND EXPENDITURE REPORT**

In 2004, the Government Accounting Standards Board issued Statement No. 45, Accounting and Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions, which requires public agencies, including school districts to report their costs and obligations for post-employment healthcare and other post employment benefits (called "OPEBs") much like they now report pension plan obligations. The philosophy behind the rule is that the costs of these post-employment benefits should be recognized as a current cost during the working years of an employee (like a CalPERS or STRS pension) rather than after they retire.

GASB 45 requires that Districts with annual revenue between \$10 million and \$100 million must comply in the fiscal year after December 15, 2007, thus for College of Marin mandated compliance began with Fiscal Year 2008-09.

The District's Board of Trustees elected early application of the GASB pronouncement and in the fall of 2004 commissioned Total Compensation System, Inc. to perform the OPEB actuarial study which was completed in the spring of 2005. The Board further directed funding the obligation in advance rather than on the prior "pay as you go" basis, and in Fiscal Year 2005-06 \$1,000,000 of pre-funding the obligation was set aside and transferred out of the General Fund into the Retiree Unfunded Medical Benefits Liability Fund. In 2007-08, an additional \$500,000 was transferred from the General Fund into the Retiree Unfunded Medical Benefits Liability Fund. And, in 2009-10, an additional \$500,000 was transferred from the General Fund into the Retiree Unfunded Medical Benefits Liability Fund. In June 2013, the funds were transferred into an irrevocable trust fund.

In 2012, Total Compensation System, Inc. updated the OPEB actuarial study (through September 1, 2012) which showed that the unfunded liability had diminished from about \$6.6 million down to \$5.7 million. The most recent actuarial study (through June 30, 2013) showed the unfunded liability had diminished down to \$5.1 million. A new actuarial study will be completed in FY 2014-15 for the period ending June 30, 2015.

ASSOCIATED STUDENTS ORGANIZATIONS REVENUE AND EXPENDITURE REPORT

Adoption Budget for Fiscal Year 2014-2015

The budgets of the Associated Students organizations reflect the financial translation of their major objectives, goals and priorities. The proposed budgets will fund projects to meet the needs of the respective student bodies, promote student activities on the campuses, and provide extended educational experiences for students.

Goals and objectives supported by these budgets include:

- Providing opportunities for students to participate in campus governance and decision-making activities and processes.
- Supporting students in initiating, developing and administering student-oriented and directed projects, programs and services.
- Offering student educational experiences through participation in student government, budget development, and organizational management.
- Promoting student leadership opportunities and contributions on campus.
- Broadening extra-curricular and educational opportunities on campus for students.
- Providing revenues to fund Associated Students' programs, activities and services.
- Scheduling various types of events, readings, extra-curricular activities and community lectures.

The Associated Students' Representation Fee Fund was established in 1993-94. The students held an election in 1992-93 to consider the implementation of a one-dollar fee, and it was approved. The funds collected are expended to provide support for students or representatives who may be stating their positions and viewpoints before city, county, and district government, and before offices and agencies of the State and Federal government. During Spring 2006, students voted to increase the Representation Fee from \$1.00 to \$3.00, effective Spring 2007. Effective Summer 2010, the Representation Fee was reduced from \$3.00 to \$1.00.

PART VI INFORMATION DOCUMENTS

A. OVERVIEW

The objective of this section of the budget document is to provide the reader with the information documents utilized as supplementary material to the budget development presentation. These documents are:

Gann Appropriation Limit Worksheet

It is legislatively mandated that appropriations limit be approved as part of the Adoption Budget presentation. The worksheet summarizing the calculation to estimate the Gann Limit is displayed.

2014-15 Authorized Staffing

A list of all full-time equivalent staff and positions.

2013-14 Actual Gross Earnings, Employer-Paid Benefits, and Total Compensation

Actual fiscal year 2013-14 gross earnings, employer-paid benefits, and total compensation is provided for permanent District staff. The data is based on payroll batches recorded in the financial system for the 2013-14 fiscal year. Gross earnings include all earnings such as regular pay, overload, stipends, overtime, etc. Employer-paid benefits include all District costs such as health and welfare insurance, and statutory costs such as STRS, PERS, Medicare, Social Security, workers' compensation insurance, etc. Included for reference is the employee's position title from the Banner HR module. Two listings are presented: First, in employee alphabetical order and, second, by total employee compensation in descending order.

Average Monthly Employer Benefit Rates

Average monthly employer benefit rates for each employee class.

Dictionary of Accounting and Budgeting Terms

A dictionary of commonly used accounting and budgeting terms is presented for the user's reference.

MARIN COMMUNITY COLLEGE DISTRICT ADOPTION BUDGET 2014-2015

105

F. DICTIONARY OF BUDGETING AND ACCOUNTING TERMS

Appropriation

An allocation of budgetary funds made by a governing board for specific purposes and limited as to the time period in which it may be expended.

Average Daily Attendance

The unit that was used as the basis for computation of support for California Community Colleges until July 1, 1991. One requirement of State law is that the regular college day must be maintained not less than three hours per day, per five-day college week, for thirty-five weeks (175 days times three hours per day equals 525 hours = 1 ADA). The unit now used for computation of support is Full-Time Equivalent Student (FTES).

Basic Aid District

A district that receives local property taxes that equal or exceed the State funding formula known as apportionment (which is based on FTES enrollment). Marin Community College District is a basic aid district.

Budget

A plan of financial operation for a given period for specific purposes consisting of an estimate of proposed income and expenditures.

Capital Outlay

Amounts paid for the acquisition of fixed assets or additions to fixed assets including land or existing buildings, improvement of grounds, construction of buildings, additions to buildings, vehicles, and equipment.

**MARIN COMMUNITY COLLEGE DISTRICT
ADOPTION BUDGET 2014-2015**

106

Contingency Reserve

That portion of the current fiscal year's budget that is not appropriated for any specific purpose, but is held subject to intra-budget transfer, i.e., transfer to other specific appropriations as needed during the fiscal year.

Current Expense of Education

The current General Fund operating expenditures of a community college district excluding expenditures for food services, community services, and object classifications 6000 (Capital Outlay) and 7000 (Other Outgo and Contingencies).

Full-Time Equivalent Student (FTES)

The unit that is used as the basis for computation of support for California Community Colleges. This unit is very similar to the previously used measure, Average Daily Attendance (ADA). The primary difference is that FTES is based on enrollment and does not provide for absences. Therefore, the FTES method generates a larger number than the ADA method.

Fund

A sum of money or other resources set aside for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. A fund is a distinct financial entity.

Fund Balance

The fund balance is measured at a specific point in time and represents the balance from a prior specific point in time, plus revenues received during the intervening time period, minus expenditures made during the same time period.

General Fund

The fund used to finance the primary operations of the District. It is available for any legally authorized purpose not specified for payment by other funds.

**MARIN COMMUNITY COLLEGE DISTRICT
ADOPTION BUDGET 2014-2015**

107

Operating Budget

The current General Fund operating expenditures excluding food services, community services, capital outlay, and outgoing transfers.

Unappropriated Fund Balance

The portion of a fund balance not segregated for specific purposes. All assets and estimated income available for appropriation are credited to the account and General Reserve; budgeted appropriations and other obligations are debited. The net value of the account represents the Unappropriated Fund Balance.
